97. MYSORE UNIVERSITY MUSEUM

Hon. Director: Dr.A.C.Lalitha

The century old and the most ancient heritage building Jayalakshmi vilas Mansion of royal family of mysore is worth mentioning in the history of University of Mysore. In the course of time this heritage building which was earlier popularly known as Folklore Museum (1966-67) was renamed as University Museum Complex with the intention to bring the material objects that were related to all the faculty under one roof. The palace is situated in the heart of Manasagangotri Campus. It is the dream- child of Kuvempu infact it is world wide known as first of its kind Museum Complex in South-East-Asia. The great souls who are very much responsible for its establishment are, our National Poet Kuvempu (K.V.Puttappa), D.Javaregowda(Dejagou), Ha-Ma Nayak, J.S.Paramashivaiah and the former Curator P.R.Thippeswamy who is the architect of this Museum and also U.S.Ramanna the Recent former Curator, with the effort of all of them, the Museum Complex concept was born and broughtup.

With the Governance of our Honourable Vice-Chancellor and the Registrar of University of Mysore, the museum is well maintained and managed till today. The Honorary Director and the four Technical scholars, Two helpers, one temporary typist cum clerk, Two house keepers, and security (only outside Museum) every one of them are well guarding and maintaining the in and around Museum Complex and are always praised. the Visitor's comments in the Visitor's Ledger. Altogether Cleaning, safeguarding, and security work are going on smooth line here.

The each artifact that are exhibited in the Museum are worth of mentioning for their Cultural, Literal, Religious, Political and Social values. The Museum Complex has to its credit, artifacts brought from rural Folk of our villages and also from neighbouring states like from Andrapradesh, Tamilnadu, and Kerala. So with all these background the artifacts in the Museum are famous for the skill, technological knowledge etc . that are communicated to whoever visits and views them.

The Heritage building Jayalakshmi vilas Mansion has to its credit the architecturally designed three structures, and a over bridge called as "Glass House" connecting to all the three sections. So the artifacts are housed in these three sections and hence a seperate name is given to them.They are the Folklore sections, the Kalyana mantapa (Art & Architecture)sections, and the Ancient History and Archaeology sections. More than 12,500 artifacts are exhibited meticulously in this Museum Complex.
