PREFACE

The higher education in India is becoming an international service as observed during the last three decades. There is growing concern all over the world about quality, standards and recognition of the higher education institutions. There is a need to ascertain and assure quality in the teaching-learning, research and extension, organization and management of Universities and other institutions of higher level of learning. The role of universities is not only providing and promoting access to higher education, but also offering quality education with excellent infrastructure, useful learning resources and student-centric support services. Quality and excellence are the new buzzwords and mantra of higher education institutions today. The challenge before higher education is offering globally attractive programmes and creating world-class environment of education.

The University of Mysore is one of the top twenty Universities in India considered for its outstanding contributions in the field of higher education, research and extension. Established in 1916 by the Maharaja of Mysore, the University has shown several milestones and achieved hallmarks in the higher education system in the country.

The University has been adopting several quality checks through measureable parameters for providing good education for intellectual development. This is done through consistent efforts made by the Internal Quality Assurance Cell (IQAC) of the University with its continuous involvement in the improvement of the system. The annual growth factors in terms of curriculum design, teaching, learning, research, consultancy, extension, student support services, infrastructure, learning resources, organization and management are analysed by the IQAC every year. The achievements of the faculty, students and collaborators of the University are evaluated through SWOT analysis and by subjecting the University's activities through an external Academic and Administrative Audit Committee (AAAC), in order to ensure unbiased assessment of the performance.

It is under this context, the report of IQAC is consolidated and presented for year from 2009-10. I take the privilege of presenting this report for further processing by the National Assessment and Accreditation Council (NAAC), Bangalore. The efforts made by the IQAC is commendable for the academic progression of the University. With all its credits and contributions, the University is marching ahead in providing quality education not only to the students of India, but also to students of fifty countries in the world as students of these countries are studying in PG Departments and Constituents and Affiliated Colleges of the University of Mysore. I congratulate the entire team of IQAC and the advisory committee for their commitment and continuous efforts to give quality input for improvement of higher education system.

UNIVERSITY OF MYSORE
(A State University)
INTERNAL QUALITY ASSURANCE CELL
ANNUAL QUALITY ASSURANCE REPORT
(2009 - 2010)

PART-A

THE FOUNDATION

The University of Mysore came into existence on 27th July 1916 is one of the oldest Universities in India. It is the sixth University in the country and the very first in the erstwhile princely state of Mysore. Sri Krishnaraja Wodeyar-IV, the benevolent ruler of Mysore and Sir M. Visvesvaraya, Engineer-Statesman, the then Dewan of Mysore were the pioneers in establishing this University.

DEVELOPMENT AND DIVERSIFICATION

During 1918-19, the University had 743 students apart from 735 collegiate High School students. The jurisdiction of the University was co-terminus with the borders of the State until 1956, when the districts of Coorg and South Kanara joined the then Mysore State with the reorganisation of the states after independence. With the founding of the Bangalore University in the year 1964, the educational institutions in the districts of Bangalore got transferred to Bangalore University and later in 1976 all affiliated colleges in Kolar and Tumkur districts also merged with Bangalore University.

Later the University of Mysore established two Post Graduate centres, one at Mangalore and another at Shimoga. These two Post Graduate centres got transformed into independent universities viz. Mangalore University and Kuvempu University in 1980 and 1987 respectively. The educational institutions of Dakshina Kannada and Kodagu got transferred to Mangalore University and those institutions under the jurisdiction of

Chitradurga and Chikmagalore districts got transferred to Kuvempu University after their establishment.

Presently, the jurisdiction of the University of Mysore is restricted to four districts, viz., Mysore, Mandya, Hassan and Chamarajanagar. All the colleges and other institutions of higher education coming under the geographical territory of these four districts are affiliated to the University of Mysore. Manasagangotri - a picturesque suburban part of the Mysore city, large in size, a mansion at the center, overlooking a fine Kukkarahalli lake - is the main campus where all PG departments are located. It is now a center of learning comprising academic, research, extension and cultural activities. The Administrative offices including the offices of the Vice-Chancellor, the Registrar, the Registrar (Evaluation) and the Finance Officer are located in the Crawford Hall. Apart from main campus at Manasagangotri, 3 PG centres have been established to cater to the rural youth. These include: Sir M. Vishweshwaraya PG Centre, Mandya; PG Centre, Hemagangotri Hassan and Satellite Centre Chamarajnagar. The University today has 58 Post-graduate departments offering 75 PG Courses, 32 PG Diploma and Diploma courses.

In addition, the University has four Constituent Colleges, 187 Affiliated Colleges, 20 PG Centers in Colleges and 57 recognized Research Centres. It also has University School of Design and International School of Information Management. Further, the University has many important centres of learning, training and research. These include: Educational Multimedia Research Centre (EMRC), Oriental Research Institute (ORI), UGC-Academic Staff College (ASC), Centre for Women Studies, Centre for Canadian Studies, Dr. Ambedkar Research and Extension Centre, Babu Jagajivan Ram Centre for Studies Research and Extension, NSS Training Centre. University-Industry Interaction Cell, Centre for Proficiency Development and Placement Services, Gandhian Studies, National Centre for History of Science. To promote and nurture academic and research activities, the University has many supportive units and facilities, such as - the University Science Instrumentation Centre, Central Library, Prasaranga – the publication division, Printing Press, College Development Council, University

Employment Information and Guidance Bureau, International Centre, Office of the Director of Students Welfare, Special Cell for the development of Scheduled Castes and Scheduled Tribes, Statistical Cell, Cricket Stadium, Swimming Pool, Gymnasium, Multipurpose Oval Ground, Athletic tracks, sports fields, two Health Centers and 17 hostels for men, women students and working women.

The University is adorned with monumental, palatial heritage buildings such as the Jayalaxmi Vilas Mansion, Leela Vihar Mansion, Oriental Research Institute, Crawford Hall, Maharaja's College, Union building, Yuvaraja's College and Maharaja's College Hostel reflecting the art, tradition and culture of the region.

Ever since its inception, the University has strived for excellence and innovative programmes that are useful to the society. These include: extension lectures in rural sector in the regional language by distinguished scholars, demonstrations, exhibitions, '**Operation Bharani**' - rural reconstruction involving students and teachers, popularizing literature through important publications, such as - Kannada Vishwakosha, Epigraphia Carnatica, History of Karnataka, Kannada-English Dictionary and so on. These programmes have attracted several philanthropists, institutions and Government agencies to donate and to support the University in its developmental and welfare schemes through institution of endowments, scholarships, fellowships, medals, cash prizes, and Chairs to promote, nurture and attain the academic excellence. Hence today, the University has 13 Chairs, 240 Gold medals, 215 Cash prizes and numerous scholarships and fellowships.

Another distinguishing feature of the University is the recording of its accomplishments since its inception in the form of an official publication titled "**Mysore University Gazette.**" This gazette apart from indexing the important achievements (chronicles) and the development of the University, contain provisions of the Rules, Regulations, Ordinances and such other orders issued from time to time. The University has entered into MOU (Memoranda of Understanding) with many institutions and organizations in India and abroad.

The University has celebrated its Silver Jubilee in 1941, Golden Jubilee in 1966-67, Diamond Jubilee in 1976 and Platinum Jubilee in 1991-93. To mark these celebrations several special programmes were organized. These include: national and international level conferences, seminars, workshops, exhibitions, demonstrations. Golden Jubilee fund and Platinum Jubilee fund were also instituted. Further, many new and innovative teaching and research programmes were introduced as part of the celebrations.

The University of Mysore has many unique and notable features. To name a few: Oriental Research Institute containing nearly 70000 manuscripts, Institute of Development Studies offering inter-disciplinary courses, UGC's National Centre for History of Science, Linkages with many reputed institutions in India and abroad, a library with a huge collection of more than 6 lakh books, an ISO-9001-2000 Certified centre for Career Oriented Programmes in IT (CIST) and the University School of Design. The University believes in quick declaration of results, transparent systems of admission and management, rewarding exemplary faculty, felicitating retired staff and instituting medals and prizes for meritorious students. The University has campus-wide networking, single-window procedure for overseas students' admission, UGC's Infonet service with remote access facility. Many departments have UGC-SAP/DRS status, DST-FIST supported centres, Ford Foundation's Digital Library project, DANIDA assisted R&D projects, DST assisted Crystal research project, Molecular Genetics projects, projects funded by numerous National and International Funding agencies, UGC sponsored Centre for Remedial coaching, facilities for co-curricular and extra-curricular activities, auditoria and halls for meetings, and support services. The University also brings out a quarterly newsletter.

After its fruitful and meaningful existence for over 95 years, the University of Mysore is proud of having its thousands of alumni spread all over the globe, as teachers, scientists, lawyers, engineers, doctors, administrators, social workers, statesmen, and so

on, serving the mankind and contributing their might to the enrichment of the culture and progress of the country.

Functions and plans of IQAC

University of Mysore has established the IQAC in 2001, immediately after first NAAC assessment and accreditation. It was done based on the guidelines of the UGC and the NAAC to monitor, improve and ensure quality of the entire academic and administrative programmes of the University. The IQAC has evolved appropriate mechanism and procedure to ensure efficient, effective and progressive performance of academic and administrative tasks; ensuring relevance and quality of the academic programmes; maximizing teaching, learning, research, extension and consultancy opportunities; credibility of evaluation procedures, adequacy and maintenance of support structure and services.

The University has adopted the following processes for internal quality checks:

- Evaluation of teachers by students at the end of every semester.
- Self appraisal reports submitted by teachers every year.
- Organisation of workshops at regular intervals on Quality Assurance and Management to sensitize the faculty.
- Students' feedback on various academic programmes to understand their impact and usefulness.

The following advisory committee as per the guidelines of the NAAC was constituted for this purpose:

The IQAC met periodically and reviewed the progress of the University and its quality enhancement based on the criteria fixed by the NAAC for self evaluation and suggested actions for further strengthening and sustaining the quality. The quality of the academic programmes is ensured through constant monitoring and supervision by appropriate committees as detailed below:

- Every department has a Programme Committee and a Course Co-ordinator, which meets at least three times in a semester to review the P.G. programmes offered.
- Ph.D. programmes are monitored by Doctoral Committees. For every Ph.D. Scholar, a separate Doctoral Committee is constituted. The Doctoral Committee meets once in every six months and monitors the progress of the scholar.
- The curriculum is revised once in two years by the Board of Studies constituted as per provisions under the University Statutes.
- The University ensures the quality of administration by establishing a well defined hierarchical administrative structure for a smooth flow of direction and

execution of various administrative decisions with necessary internal monitoring and checks.

Formats with Quality Parameters

The University, through a well structured format, collects the necessary primary data and information from all the Departments and other Sections of the University on programmes offered, students enrolment, faculty strength, infrastructure, the system of evaluation, continuous assessment, students' result in examinations, placement and further progression of students in higher education etc.

Teachers' Self-Appraisal Form

A Self-Appraisal Form which was prepared in 1998 was modified in subsequent years - 2001, 2006 and 2009 - incorporating new UGC norms and NAAC Criteria and distributed to all faculty members in order to collect information from each teacher regarding their qualification, experience, research publications, research projects, and funds mobilized by the teacher, conferences attended and papers presented, foreign academic visits, fellowships obtained, countries visited, conferences organised, membership of academic societies, etc. This data provided by teachers formed another major component to evaluate the performances of teachers and their capability matrix under the context of their teaching, learning, research and development, and extension activities.

Peer Assessment of Faculty

Teachers' performance and their contribution to the development of respective departments in particular and University in general, their association with various activities of the University etc. were got assessed by the peer team informally.

Students' Feedback

Students' feedback is an essential component of the assessment of academic institutions. It provides an opportunity to elicit the view of the students regarding modern tools and techniques & facilities available in departments and teaching & learning environment. Questions regarding teachers' regularity in conducting classes, providing up-to-date information on the subject, their orientation to the assigned part of

the curriculum, style and efficiency of teaching, clarity in imparting information, availability of the teacher before and after the class hours for consultation, general ability of the teachers, their capabilities in motivating students for progression, etc are included in such exercises. Students' feedback is also obtained on campus facilities such as cleanliness and ambiance in campus, security in the campus, library facility, research facility, general student amenities such as canteen facility, sports facility, transport facility, medical facility, overall impression etc. Their opinion about the role of administrators and system of administration, delays and denials of justice etc is also sought. Students are asked to give their feedback in an abstract manner also. This is a good initiative for introspection from its stakeholders and beneficiaries. The AAC evaluate these forms and suggests improvement possibilities.

Parents' feedback on campus facilities:

The parents' feedback on their wards is normally collected on day-to-day basis by concerned teachers offering the course(s). This feedback includes their opinion about campus facilities, discipline on the campus, facilities provided by the university, general reputation, campus atmosphere, placement record, location of university, overall rating, etc.

PART-B

1. Activities reflecting the goals and objectives of the Institution:

The Vision and Mission statements of the University as incorporated by the Founding Fathers are:

- To impart education – literary, artistic and scientific, agricultural, commercial and professional,
- For furthering original research,
- For promoting the state of literature, art, philosophy, history, medicine, science and other branches of useful knowledge, and
- For imparting physical and moral training.

The University has been promoting the growth of human resources since its inception with pride, and has been striving to achieve excellence in all avenues. Many faculty members have received both national and international recognition in the form of awards, fellowships and membership of learned societies. To mention a few: Prof. S. Chandrashekar – Fellow of the Royal Society, Prof. K. V. Puttappa – Gnanapeetha Award and Padma Bhushan, Prof. U. R. Anantha Murthy – Padma Bhushan and Gnanapeetha Award, and Prof. C. D. Narasimhaiah – Padma Bhushan. It is worth mentioning here that Dr. S. Radhakrishnan who served this University as distinguished Professor of Philosophy rose to the status the President of India.

Motto of the University

The significance of the mission is reflected in the functioning of the University as enshrined in its EMBLEM. The university emblem consists of “Gandabherunda” a double headed mythological bird flanked by two sharabhas which are animals. This symbol of bird and animals represents watchfulness, virtue, unity, courage, liberality and truth. The motto of the university, “**Na Hi Jnanena Sadrisham**” which means “**There is nothing comparable to knowledge**” is depicted in the emblem. The emblem also contains “**Satyamevaddharmayaham**” which means “**I always uphold the truth**”.

Functions of the University

The functions and responsibilities are defined clearly in the Karnataka State Universities Act 2000. They cover academic courses to be imparted, research activities to be carried out, institution of teaching positions, visiting professors, establishment of chairs and special

arrangement for Scheduled Castes and Scheduled Tribes and other weaker sections of the society. The functions also include extra-mural teaching, physical and military teaching, encouraging students activities, promotion of sports, athletic clubs and extra-curricular activities. The university has an affiliation system whereby it can affiliate colleges within its administrative jurisdiction - presently covering four districts of Mysore, Mandya, Chamarajanagar and Hassan. The university also has provisions to recognize private, Central Government and State Government Institutes for research purposes even outside the university jurisdiction.

The major considerations of the University are to promote

- Intellectualism
- Access to the disadvantaged
- Equity to the local people
- Self-development
- Community and national development
- Ecology and environment
- Value orientation
- Employment
- Introduction of recent technology like Information Technology
- Introduction of programs that meet other global demands in higher education
- Excellence in higher education , empowerment through knowledge
- Inclusive growth for socio-economic change and sustainable development

The materialization of the goals into programmes are seen in the establishment of post-graduate main campus at Manasagangotri, four Constituent Colleges for promotion of studies in arts, commerce, management, humanities, fine arts and science. The university also has established three Post-Graduate centers in all the other three districts – Mandya, Hassan and Chamarajanagara - offering post-graduate courses to reach higher education to the unreached. The university also has several research and training centers including Oriental Research Institute and Folklore and Archaeological Museum.

The achievement of the goals and objectives of the university are being realized, since the action plan and the programmes are given more importance. It is to integrate the

larger interest of the individuals, institutions, nation, higher education and globe. The following are the recent initiatives attempted in line with the Mission of the University.

18. Community Services:

The following Community Services have been organized through NSS and NSS-TOC:

University Level Camps

The Inter Collegiate camp was held during September 18-27, 2010 in the Centenary Hall, Maharaja's College Campus, University of Mysore. About 270 volunteers and

Programme Officers actively participated in this University Level Camp. The camp had four primary components, namely Shramadan (contribution of labour), special lecturers, cultural programmes and socially beneficial voluntary activities.

Sixteen special lectures were delivered by eminent scholars, scientists and social activities on relevant topics. Ten different cultural programmes were held in the Centenary Hall, with the active involvement of theatre personalities, folklorists and film personalities and media professionals.

The volunteers also took active part in the Shramadhan (contribution of labour). During these ten days all the university campuses were cleansed by the volunteers. Two new check dams were built and four check dams were rejuvenated which facilitated water conservation and recharge of ground water resources. The volunteers contributed about 100 bottles of blood and pledged to donate their eyes also.

State Level Camps:-

Six volunteers participated in the pre-RD camps held at Bangalore during October 5-15, 2009. 2 of them were selected for participation in the National Republic Day Parade held at New Delhi subsequently. About 20 volunteers also participated in the state level cultural festival held at Bangalore during January 1-7, 2010. The volunteers also won individual prizes for their notable contribution in the state level cultural festival.

National level Camps:-

Two volunteers Dileep and Shashirekha represented the University in the National Republic Day held on January 26, 2010 at New Delhi. About 6 volunteers of the University also participated in the National Integration Camp held at Bangalore University Campus during January 17-24, 2010. The volunteers had the benefit of interaction with other volunteers representing different States and Union Territories during these two unique occasions.

Cultural Exchange Programmes

The volunteers of University actively participated in 03 district level camps, one university level camp, 2 national level camps, 1 state level camp and 2 Mysore division level camps. The NSS wing, University of Mysore and Kannada and Culture Department jointly

organized cultural ambassador camp at Mysore during January 23-27, 2010 which enabled about 150 volunteers to emerge as culturally active ambassadors of our times.

Special Camps organized

The strength of NSS volunteers increased from 12,000 to 13,000 during the year 2009-10. Accordingly 10 new units and 1,000 new volunteers were enrolled in the University. 10 rural colleges were enabled to launch NSS activities and bridge the gap between the university and society. About 13,852 volunteers (7,978 Male volunteers and 5,874 Female volunteers) were enrolled. About 1000 toilets were constructed in the rural areas during district level and annual special camps. About 1000 bottles of blood were also collected and given to government hospitals.

A state level seminar on NSS was organized on November 15, 2009 jointly by the NSS wing, TOC wing, Karnataka State Open University and Mahajana's College at Mysore. A special lecture programme was organized by the NSS wing on January 23, 2010 at Mysore on the occasion of 500 Birth Day Celebration of Shri Krishnadevaraya. A regional workshop was conducted on February 4, 2010 on H1N1 Prevention and Treatment at Mysore.

Book Exhibition:

1. Book Exhibition on “Dr.B.R.Ambedkar” birth day (15-4-09 to 18-04-09), “Independence day” Celebration (14.08.2009 to 22.08.2009), Dr. S.R.Ranganathan Birth day Celebration (12.08.2009 to 14.08.2009), “Gandhi Jayanthi” (02.10.2009 to 11.10.2009), “National Book Week” (14.10.2009 to 18.10.2009), “Karnataka Rajyotsava” (31.10.2009 to 07.11.2009), “Kuvempu Jayanthi” (29.12.2009 to 11.01.2010), Sri. Krishna Deverayara 500th Pattabhisheka and Swamy Vivekananda’s Birthday (12.01.2010 to 23.01.2010).
2. Book Exhibition on “Nethaji’s Birthday” was organised from 23-01-2010 to 01-02-2010. Sri. H.S.Doreswamy, Freedom Fighter opening the Exhibition and Prof. E.T.Puttaiah, Registrar, University of Mysore, lighting the lamp.

Apart from the traditional library services, value added services such as referral service, *e*-alerts, Institutional Repository of research output, citation analysis, article delivery service, access to digital sources through library portal, OPAC, online tutorials, orientation programmes, workshops, exhibitions, conferences, and student support “Earn while you learn” scheme are provided.

Downloads of online resources through library portal can be monitored by the usage details from respective publishers. Library is partly automated and operated using Kohat, library management software. 164 computers are provided for information retrieval via internet, besides the campus wide network. Reprographic facility is outsourced and available within the library premises.

Attention is paid to build up the *e*-resource collection, besides the print to keep pace with current literature to enhance learning and research.

Purchase of books are by recommendations of the respective Departmental Committees (catalogues and e-mails are periodically sent for their selection of current titles). Prior to renewal of journals every year, Departments are requested for their consent and also recommendations for new titles. Brainstorming sessions are also held to consider

subscription of new databases journals. The titles thus recommended are placed finally before the Library Committee for negotiation of subscription costs and approval to proceed for subscription. Both print archives as well as extensive e archive collection is also used. For example, JSTOR is most popularly used for retrieving archival literature with 1,12,453 downloads in 2009.

Campus wide network enables the students and faculty to have a ubiquitous environment with access to online library services available 24x7 at desktops/laptops. Frequency or usage statistics gradually increased in downloads every year.

Library functions throughout the year except for seven holidays. Working hours have been extended from 8.30 a.m. – 8.30 p.m. (12 hours) and till 10.00 p.m. (14 hours) during examination period. It is proposed to have 24 hours reading facility in the additional new library building under construction.

Library advisory Committee consists of the Registrar, Finance Officer, Deans of Schools and Librarian. Committee meets periodically to deliberate, take decisions and make recommendations on Library development issues. Highlight this year was that, the Committee had done negotiation of e-resources with the respective publishers through video conferencing in the Library. We are the first university in the country who has done this exercise, thereby saving lot of time and money.

Motivation to students and teachers:

The jackets of the new arrival of books are scanned and displayed to roll in a Plasma TV at the entrance of the library, which catches the eye of the entrant (first of its kind in any university library). Secondly, the library software Libsys has a provision to check the latest arrivals for the last one month. Besides e-circulars/e-alerts are posted and flash news on the library portal indicate the latest additions of e-resources to the library. Periodic Orientation and Training programmes for honing skills in usage of database, Quizzes, Posters and promo material create awareness of latest additions.

Special Facilities offered to the visually Challenged Persons

Computers and scanner with the essential software to convert print into audio files are provided. The visually challenged scan the essential print books and stores it as audio books for

use. They are also savvy in using our library portal to access all the e-resources of our digital library, use internet to access their e-mails or prepare power point presentations.

23. Courses in which student assessment of teachers is introduced and the action-taken on student feedback:

Student assessment of teachers has been followed in all courses. The feedbacks are collected in a structured format periodically. Based on the feedback good performers are appreciated and other staff members are motivated to improve their performance.

Students Critical Evaluation of Teachers:

Students' feedback is an essential component of any assessment. It provides an opportunity to elicit the view of the students regarding the general facilities available in the Department, their opinion about the teaching and research commitment and capability of the faculty, role of administrators and system of administration, delays and denials of justice, and for providing better amenities and care on campus with modern tools and techniques. Questions regarding teacher's regularity in conducting classes, providing up-to-date information on the subject, their orientation to the assigned part of the curriculum, style and efficiency of teaching, clarity in imparting information, availability of the teacher before and after the class hours for consultation, general ability of the teachers,

their capabilities in motivating students for progression, etc are normally included in such exercises. Students are also asked to give their feedback in an abstract manner. A copy of the questionnaire obtaining feedback from students is provided Annexure – A.

AAs per the directions of NAAC, student assessment of teachers is introduced and based on the overall observations made, the teachers are advised to act effectively. Assessment of teachers by the students is conducted every year for all the courses and reviewed by the advisory committee members consisting of former Vice Chancellors and high level education administrators and accordingly the teachers are appraised and motivated to improve the teaching and research programs.

24. Unit cost of education:

Including salary = 1 : Rs. 1,09,364/-

Centre for Proficiency Development and Placement Service

Today, against the backdrop of globalization, candidates with proficiency for employability have manifold opportunities for placements. Proficiency is the key to employability, individual excellence and social involvement. To gain an overall proficiency, students need to be equipped with a variety of skills such as communication skills, language competency, analytical skills, application skills, organizational skills, inter-personal skills, innovative skills, entrepreneurial skills, etc. Keeping in view the need for systematizing the activities of skill development, proficiency enhancement, and personality development, and establishing liaisons

for placements, the University of Mysore has established the Centre for Proficiency Development and Placement Service (CPDPS). The Centre keeps liaison with different Institutions, Industries, Government Departments and such other organizations, and collects information about job opportunities and creates and maintains up-to-date database in this respect. It facilitates unemployed graduates and postgraduates so that they could be placed in different sectors through on-campus and off-campus interviews, and other modes of selection processes.

K-SET Centre

The University Grants Commission (U.G.C.), New Delhi, has prescribed that a person aspiring to become a Lecturer (Assistant Professor) in Universities / Colleges has to qualify in NET / SET (State Eligibility Test), earlier known as SLET.

The U.G.C. and Government of Karnataka have identified University of Mysore as a Nodal Agency to conduct Karnataka State Eligibility Test (K-SET) for Lecturership and this K-SET Centre is located in Pareeksha Bhavan, behind Crawford Hall, University of Mysore, Mysore.

During the year 2011, the K-SET Centre is conducting Examination in 26 different subjects in line with NET examinations being conducted by the UGC. Details regarding eligibility criteria and mode of conducting the SET examination are available on the K-SET Centre website www.kset.uni-mysore.ac.in.

There are five auditoria - one each at the Maharaja's College Centenary Building, the University College of Fine Arts for Women, Humanities Block at Manasagangotri, Bahadur Institute of Management Studies (BIMS) and Educational Multi-media Research Centre (EMMRC). In addition, most of the Departments have well-furnished Conference Halls. These facilities are available for use by the students for cultural programmes and competitions, such as debate, music, dance, drama and also for special lectures.

Manasagangotri also has a spacious Open-air Theatre with a seating capacity of 10,000 where cultural programmes for large gatherings could be held.

Postal Services

India Post is running two Post Offices, one at the Manasagangotri campus and the other at Crawford Hall with savings/recurring deposits, telephone, telegraph and Speed Post services.

Banking Services

The State Bank of Mysore has two branches in the University, one at the Manasagangotri Campus and the other at Crawford Hall, which provide banking and ATM facilities.

Transport Services

The KSRTC plies city buses to the campus from all corners of the city with a frequency of 20 minutes. The campus is about 6 kms. from the Central Bus Station and 3 kms. from the City Railway Station.

Student Welfare

A separate Directorate of Student Welfare located at Educational Multi-media Research Centre (EMMRC) building near Gandhi Bhavan at Manasagangotri campus, looks after the student welfare programmes in the University. The students are encouraged to participate in co-curricular activities, such as literary and cultural competitions, Inter-Collegiate and Inter-University competitions. The State/ Zonal/ National/ International Youth Festivals are also arranged from time to time.

International Centre

The International Centre is located at the University College of Fine Arts for Women at Manasagangotri. This is a single-window system facilitating the requirements of academic foreign students. It provides guidance and counseling to foreign students regarding admission to various courses in the University, besides assisting them in matters relating to eligibility, residential permits, bonafide certificates etc.

Special Cell for SC/ ST

There is a Special Cell to look after the welfare of SC/ST students. The cell also awards fellowships to students for carrying out research. Special coaching classes are conducted for the benefit of SC/ST students appearing for competitive examinations, such as IAS, KAS, IPS, NET and SET. Training is offered in the application of computer techniques as well. Bridge-courses are conducted for promoting communication skills, writing and oratory skills. The Cell has a good library facility with books on general knowledge and computers. Financial assistance is also provided to students of the postgraduate departments through the state directorate of social welfare.

Centre for Competitive Examinations

The Centre for Competitive Examinations located at Educational Multi-media Research Centre (EMMRC) building provides special training to equip students for

various Competitive Examinations such as IAS, KAS, IPS, IFS, NET and SET, Banking Services etc.

Employment, Information and Guidance Bureau

The University Employment, Information and Guidance Bureau, located in the University Library building at Manasagangothri provides information on courses and careers. Pamphlets and booklets are displayed at the Bureau Office. Lectures and seminars are arranged in various colleges to highlight employment opportunities. Information about courses in other universities within the country and abroad is also provided. Students can register their names for employment assistance at the Bureau.

National Service Scheme (NSS)

The NSS Programme sponsored by the Government of India, with the objective of involving University students in nation-building activities through proper use of their time, talent and energy has been implemented in the University since 1970. The NSS Cell is headed by a Programme Coordinator. The students under NSS scheme take part in community service activities both on and off the campus. They also participate in Collegiate/Inter-Collegiate/Inter-University- level NSS camps, medical camps, blood donation camps, rural housing, rural sanitation and educating rural public on various activities.

Women Harassment Complaint Committee

Women Harassment Complaint Committee, constituted in 2005 in the University as per the directions of the Supreme Court, aims at the prevention of sexual harassment of any nature on women employees and students at work / study place in the jurisdiction of the University of Mysore. The University recognises that sexual harassment is a serious offence and takes appropriate steps to prevent and deal with sexual harassment to see that there is no hostile environment for women at work / study place. The students, teaching and non-teaching staff members and other category women employees can complain to their immediate Heads / to the Registrar, the Vice-Chancellor / the Committee whenever they face any kind of sexual harassment [as defined by the Supreme Court guidelines] in their work place or college and exercise their right to study/ work / live with dignity.

Daycare Centre and Kindergarten

- ❖ During the recent induction of over 200 faculties, and a phenomenal increase in strength of Research Scholars, a large number of young mothers have joined the University.
- ❖ The need for establishing a Day Care Centre was felt and the university established the same in a spacious building with State of the Art facilities, air conditioned play rooms, rest rooms and dining rooms. Trained staff and ayahs were appointed from the University funds, though a sum of Rs. 5 lakh was granted by the UGC.
- ❖ This has helped the young mothers to leave their children in safe hands during their working hours.
- ❖ The day care centre provides free service to the children for university employees and children between 3 months and 3 years.

27. Technology upgradation:

- The University believes in providing an ambience with the state-of-the-art facilities.
- The Library has the state-of-the-art facilities with available journals online.
- Most modern and sophisticated instruments are provided for scientific research and enormous thrust is given for promotion of collaborations with both the national and international institutions.
- Free analytical facility provided to all Research students in the Central Instrumentation Facility. State-of-the-art analytical facilities created during the reporting year.
- In the Post Graduate and Research Departments of Physics and Chemistry new instruments have been purchased. The Department of Computer Science is equipped with new software to suit the need. PCR and UV spectrometer are purchased in the Department of Microbiology. To perform automated

processes, the Department of English is provided with a system of latest configuration.

- All the departments are equipped with OHP, LCD and computers with Internet facility procured mainly for the purpose of seminar and workshop.

28. Computer and Internet access and training to teachers and students:

The University has a Central as well as department wise computing facility. All the teaching departments have internet connected computer labs for the use of students. Most of the faculty members are provided with individual computers having internet connectivity.

The UGC-Academic Staff College of the University and CIST regularly conduct computer training programmes to non-teaching staff members. This is very important as the University is effectively implementing systematic computerisation of its administration and all examination related works. Based on the need and requirements the Computer and Internet training is extended to all staff.

Alumni Associations are functioning in all teaching departments of the University. They are doing yeomen services in their area of operation. Their activities include providing academic support, conducting symposia and workshop, providing financial aid to needy students as scholarships and endowments, assisting the activities of Placement Cell etc.

- Department-wise alumni meetings were conducted.
- The Alumni of Computer Science Department have donated books to the Library and Information Centre.
- Alumini association provides scholarships to the economically weaker and meritorious students and instituted Medals and Trophies to the meritorious students.
- The BoS of every course includes an alumnus as its member, who contributes in restructuring and updating of the curriculum.
- Guest lectures are delivered by alumni members on topics in their field of specialization and relating to the overall development of the students.
- Alumni members residing in various parts of India and abroad share their experiences with the staff and present students whenever they visit the institution.

They also help the students in getting placements by providing information about the employment prospects to the students, faculty and HoDs. Though the activities of the Alumni Association was insignificant during the entire period, some alumni in their individual capacity were involved in academic support to the University by associating themselves in delivering talks, seminar lecturers and also by attending different programmes held in the University. But their moral supports to the University has been significant.

31. Support from the Parent – Teacher Association and its Activities

The University of Mysore, since its inception, is maintaining centrality in character in admitting students and appointing teaching and non-teaching functionaries from all parts of India and even abroad for some prestigious and innovative courses by

following the required percentage of reservation. Hence, the formal association of Parents and Teachers is not practically feasible. However, the individual department / centre is inviting the available parents in around the University and convening an informal parent teachers associations in the department / centre to make valuable suggestions and contributions which would improve the teaching, learning, research, consultancy and exceptional activities of the University. In the case of students who are absent for more than week, department chairperson sends the wards/ parents a post -card (since most students are from rural region) informing them about the student, his marks and other academic records. The parents do come and have meeting with the course teachers on day-to-day basis inquiring about their wards and normally this procedures do lead to corrective measures for the student to change their attitudes towards higher learning.

PART-C

Administrative Audit from: 2009-10

The Academic and Administrative Audit Committee members visited the following sections and held discussions with the head and staff of each section separately.

- 1) Administration
- 2) Finance
- 3) Examination
- 4) College Development Council
- 5) All Support Services.

Administration - Observations

- 1) The University administration is sending circulars through e-mode which is highly appreciated.
- 2) Training of non-teaching staff is limited to university staff only.
- 3) Decentralization of powers delegated to Heads & Principal Investigation– fairly good.
- 4) Providing information under RTI has been done on time and there is good amount of awareness.
- 5) Grievance Redressal has been addressing the grievances of the employees by meeting at regular intervals. (2-3 times a year).
- 6) Departmental Promotion Committee (DPC) meets once a year.
- 7) Review meetings within the Administration along with Finance and Engineering Sections are held twice a month which is noteworthy and should be continued.
- 8) Financial powers delegated to various officers including Deans have enhanced activities and provided more autonomy and responsibility.
- 9) The number of court cases are very less. This shows that the systems are in place and transparent. Still there is a room to show more improvements..
- 10) Putting the Roster points on the website is a welcoming trend.

- 11) Most of the staff are trained in Computer skills and are motivated to do their mundane job using computer and internet.
- 12) Increase of Internet Bandwidth to 32 Mbps has been done and the campus is going for a complete Wi-Fi environment.
- 13) Optimum utilization of existing space to house different cells of Administrative Sections, is a good initiative.
- 14) Central Air-conditioning of all sections of the office is yet another measure of the administrations..

Finance - Observations

- 15) System of making advance payments to the Head of a Unit in order to meet the expenses for any major event is appreciable.
- 16) The decision of the University to delegate financial sanction/purchase powers to different officers and departmental Heads for speedy operation deserves appreciation.
- 17) The students' scholarship disbursement mechanism, quick clearance of bills and the decision to gradually dispense with the mechanism of submission of Demand Drafts to the University are some of the healthy practices initiated on governance adopted in the Finance Branch.
- 18) Computerization of Accounts and automated cheque generation is laudable.

Examinations - Observations

- 19) With 187 Affiliated Colleges and 20 PG Centers in colleges affiliated to the University, the Examination section has been effectively conducting examinations of PG and UG courses as also that of Professional courses.
- 20) Examinations of courses under outreach mode are held in 45 centers in different parts of the country and are being carried out through twinning program with 37 institutions.
- 21) The processing of result is being computerized. However complete automation of the Examination is still to be implemented, from on-line application.

- 22) The Examination section has a separate Finance unit which caters to the disbursement of payments to paper setters, evaluators and custodians in time.
- 23) The Malpractice Enquiry committee meetings are held regularly and penalty/otherwise decisions of the committee are communicated well in time to the students.
- 24) OMR sheets are being used in engineering examinations.
- 25) For Entrance and Distance Education examinations, the University Professors are deputed as observers.

The Heads of the departments made presentations giving details of action taken on the recommendations made by the AAA committee and on the developments of the Departments. The committee observed that all the Departments had complied with most of the recommendations of the committee. There is a visible change in the strength of the staff, progress in research and infrastructure facilities, observed over a period of time, in all sections of the University.

Future Plans

The phenomenal and all round development of the University of Mysore for this academic year remarkable. The expansion in the academic programmes, development of adequate infrastructure and student amenities, welfare measures adopted for the employees and students, quality initiatives in the research activities, reforms in the governance, adoption of new and novel Ph.D regulations to sustain quality in research and the development of excellent ambience in the Campus are all due to the untiring efforts and leadership provided by the Vice-Chancellor and ably supported by the University Administrators and faculty members. The University has projected a road map for the future developments in several sectors. University is planning to establish a Centre for Professional Development & Placement with the assistance of UGC is a new initiative. The publication of more journals in different disciplines is also envisaged.

The construction of a group of buildings to house different departments will be shortly completed and made ready for occupation. University has also initiated for

modernization of sports ground with development of play fields for Cricket, Tennis Court, Volleyball Court and Basket Ball Court. University has a future plan to adopt a unique Community outreach/extension programme to train educated unemployed Women from remote areas, villages, backward areas and support them to start their own kindergarten schools. Another future scheme that is being worked out by the University is the adoption of 5 villages by the Centre for Social Exclusion and Inclusive studies and Department of Social work. The completion of all these proposed programmes will certainly place the University in an excellent position both in research and extension activities.

According to the overall objectives, the IQAC has monitored and improved the entire operations of the institution and assured every stakeholders connected with higher education, namely students, faculty members, staff, parents, funding agencies and society in general and the institutions accountability in particular, for its own quality and probity. To sustain the quality assurance, the Academic and Administrative Audit Committee may be reviewed with external experts to assess the academic and administrative system of the University with necessary suggestions to improve.
