Dear Prof. N. K. Lokanath,

This letter is to confirm our commitment to collaborate on the research proposed entitled **“Structural studies of metal complexes”**.

The Manipal Institute of Technology is a leading institution in the country. We have a keen interest in the field of study and understanding the the structure of metal complexes and to look out for their potent applications.

I certainly appreciate the value of intelligent integration of information. The proposed research directions would help us focus better on the structural studies of the metal complexes and the applications in different contexts. Our collaboration with you over the past several years has proved to be very important for all of us.

I look forward to active participation in this research initiative.

Sincerely,

Manipal Institute of Technology
