Opportunities for collaboration and knowledge exchange

The Department of Studies in Psychology

Founded in 1924, the Department of Studies in Psychology at the University of Mysore, Mysuru, stands as the second oldest psychology department in India, marking a century of excellence in education, research, and practice. Over the years, it has been a pioneering institution, shaping the field of psychology in the country and beyond. The department takes pride in its distinguished faculty, comprising nationally and internationally recognized experts across various psychological sub-disciplines. The department actively fosters international collaborations, enriching academic and research endeavors with diverse perspectives.
