OVERVIEW

Department of Studies in Computer Science, University of Mysore, Mysuru, is organizing a one day National Level Seminar on “Applications of Machine Learning and Pattern Recognition in Bioinformatics”. The main focus of this seminar is to provide a platform for experts and researchers from various parts of the country working on different applications of Machine Learning and Pattern Recognition in Bioinformatics, to share their expertise and knowledge with the young researchers and students pursuing their research in Machine Learning, Pattern Recognition and allied areas.

ABOUT UNIVERSITY OF MYSORE

The first University in the State of Karnataka and the sixth oldest in India, the University of Mysore was established in the year 1916 by the then Maharaja of Mysuru Sri Nalwadi Krishnaraja Wadiyar through munificent grants of lands, buildings and financial resources. The University has earned an International identity for its academic programs and research activities. University is a recipient of various grants under different prestigious schemes of Government of India viz., Institute of Excellence (IOE), University with Potential for Excellence (UPE), Center for Potential for Excellence in Particular Area (CPEPA), Promotion of University Research and Scientific Excellence (PURSE). Also, University has 13 UGC/SAP funded and 4 DST-FIST supported departments. University of Mysore is accredited for the third time by National Accreditation and Assessment Council (NAAC) for a period of five years with a score of 3.47 on a 4 point scale and was awarded “A” grade. The campus has an excellent IT infrastructure with campus wide Wi-Fi connectivity.

ABOUT THE DEPARTMENT

The Department of Studies in Computer Science was established in the year 1986 in collaboration with DRDO Laboratory and the research activities were initiated in the year 1996. The Department is known for its excellence in the focused areas of research viz., Image Processing, Pattern Recognition, Data Mining, Bioinformatics and allied areas. The Department has been recognized as a Center of Excellence in the field of Cognition and Recognition research by the UGC. The Department has produced around 60 Ph.D.s so far and about 40+ scholars are currently working towards their Ph.D. degree. Students with their doctorates from the Department are serving in many Academic Institutions of National Repute and also in Multinational Industries at various capacities.

The Department has a total of 8 Research Supervisors who are experts in the domain of Pattern Recognition and Image Processing. The Department also has to its credit, about 1100 research articles published in peer reviewed International Journals and Conference Proceedings of repute. Further, the department houses four Masters Programs.

OBJECTIVES OF THE SEMINAR

The main objective of the seminar is to introduce different application areas of Bioinformatics to the participants/Research Scholars working in the field of Machine Learning and Pattern Recognition. The seminar attempts to cover the core concepts and their applications to Bioinformatics problems.

TARGET AUDIENCE

The program is targeted towards postgraduate students, research scholars and faculty members from academic institutes and industry professionals.

HOW TO APPLY

Register through Online Registration link : <http://shorturl.at/bIFOZ> or Please email your name, affiliation details to amlprb2019@compsci.uni-mysore.ac.in. Participant number is limited to 50.

SELECTION PROCEDURE:

Selection is done on the first come first serve basis.

AFTER SELECTION :

Once the participant is selected, he/she has to send the scanned copies of the filled registration form and DD/NEFT receipt to amlprb2019@compsci.uni-mysore.ac.in before the registration deadline. Also, send the original hardcopies through post to the address of correspondence.
