**Preparation of District Human Development Report is a unique initiative by the Planning Department of Government of Karnataka. For the first time in the history of the country, District Human Development Reports for all the 30 districts of the state have been prepared with a thrust on participatory approach. The professionalization of Human Development Division of Planning Department and sensitization of District Administration have enabled the preparation of the reports.

The Report preparation is an important milestone in the process of Human Development in the district. It is serving as a document to the achievements of the district in human development and also advocacy report for policy formulation. On the basis of UNDP methodology, the report has constructed seven indices namely, **Human Development Index, Gender Inequality Index, Child Development Index, Food Security Index, Urban Development Index, Comprehensive Taluk Development Index, Composite Dalit Development Index and Dalit Deprivation Index**. Using these indices, the Report has measured development imbalances and gaps across the taluks and groups. The Report has been released and well received.
