Sir/madam,

Hope you all are safe at home. Amidst the difficult times we are witnessing due to COVID-19 national lockdown, academic activities of the University of Mysore have been interrupted. **Govt. of Karnataka/University of Mysore is keen to know the pending syllabus** to be taught/covered on each course with regard to teaching learning activities of the higher education institutions. It is learnt that some of the individual faculty members and students are engaging themselves in teaching learning by utilising the available technology like ' Zoom App' ([www. zoom.us.in](http://www.zoom.us.in)) and Whatsapp groups and other apps while they are locked down at home.

Hon'ble Vice Chancellor has appreciated these efforts and felt like suggesting to all other faculty members to utilise the same for the benefit of teaching learning amongst teachers and students. You are hereby advised to take initiative to send (icd@uni-mysore.ac.in), status of pending syllabus to be completed/study material/ppt's/videos/short films/ notes and any other forms already available/ prepared by the individual faculty members and to do the needful on or before 14th April 2020. The received material would be uploaded in the University website against each department/course with due considerations. Later, students would be advised to make use of their valuable time efficiently with this quick needy arrangement. Simultaneously it is also suggested to coordinate with those who are in possession of Smart phones and Whatsapp groups (Dept wise/ class wise) shall conduct online teaching learning classes/activities using ZOOM App/ any other and also further suggested to work from home. Kindly refer the attached file to know more about ZOOM app and other relevant apps and their usage.

Thank you.

The progress report (**as per the enclosed format**) from time to time with regard to this would be highly appreciated and acknowledged by the University of Mysore. Wishing you all 'safe stay at home'.

With best regards and Sincerely,

Sd/-
