DEPARTMENT OF STUDIES IN ORGANIC CHEMISTRY
UNIVERSITY OF MYSORE, MANASAGANGOTRI, MYSURU-06

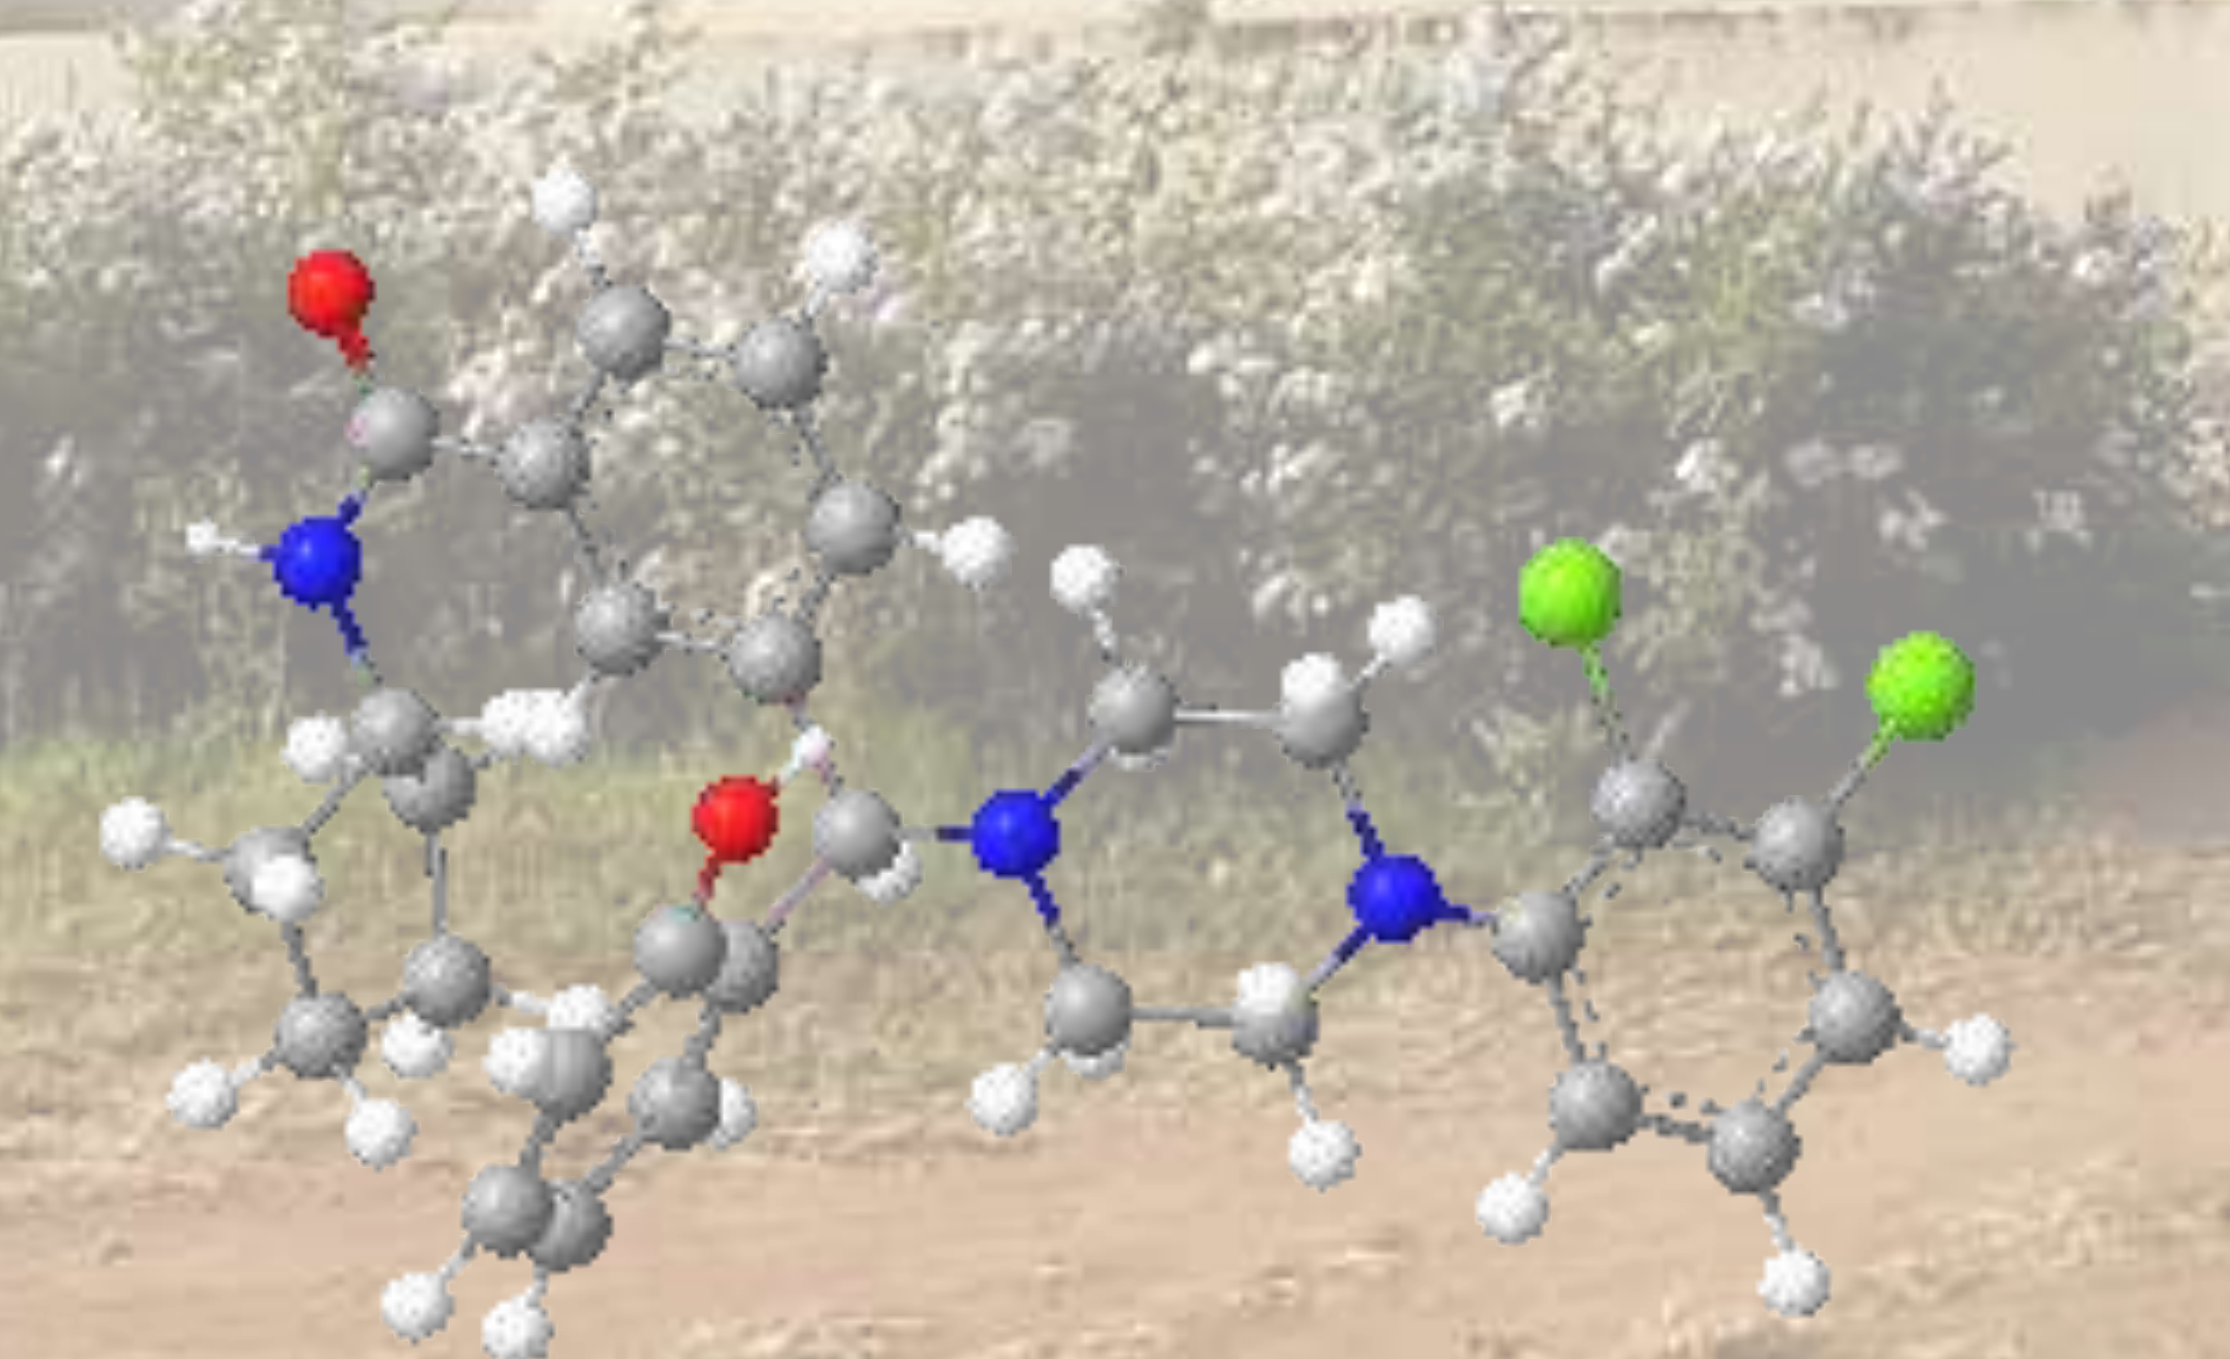

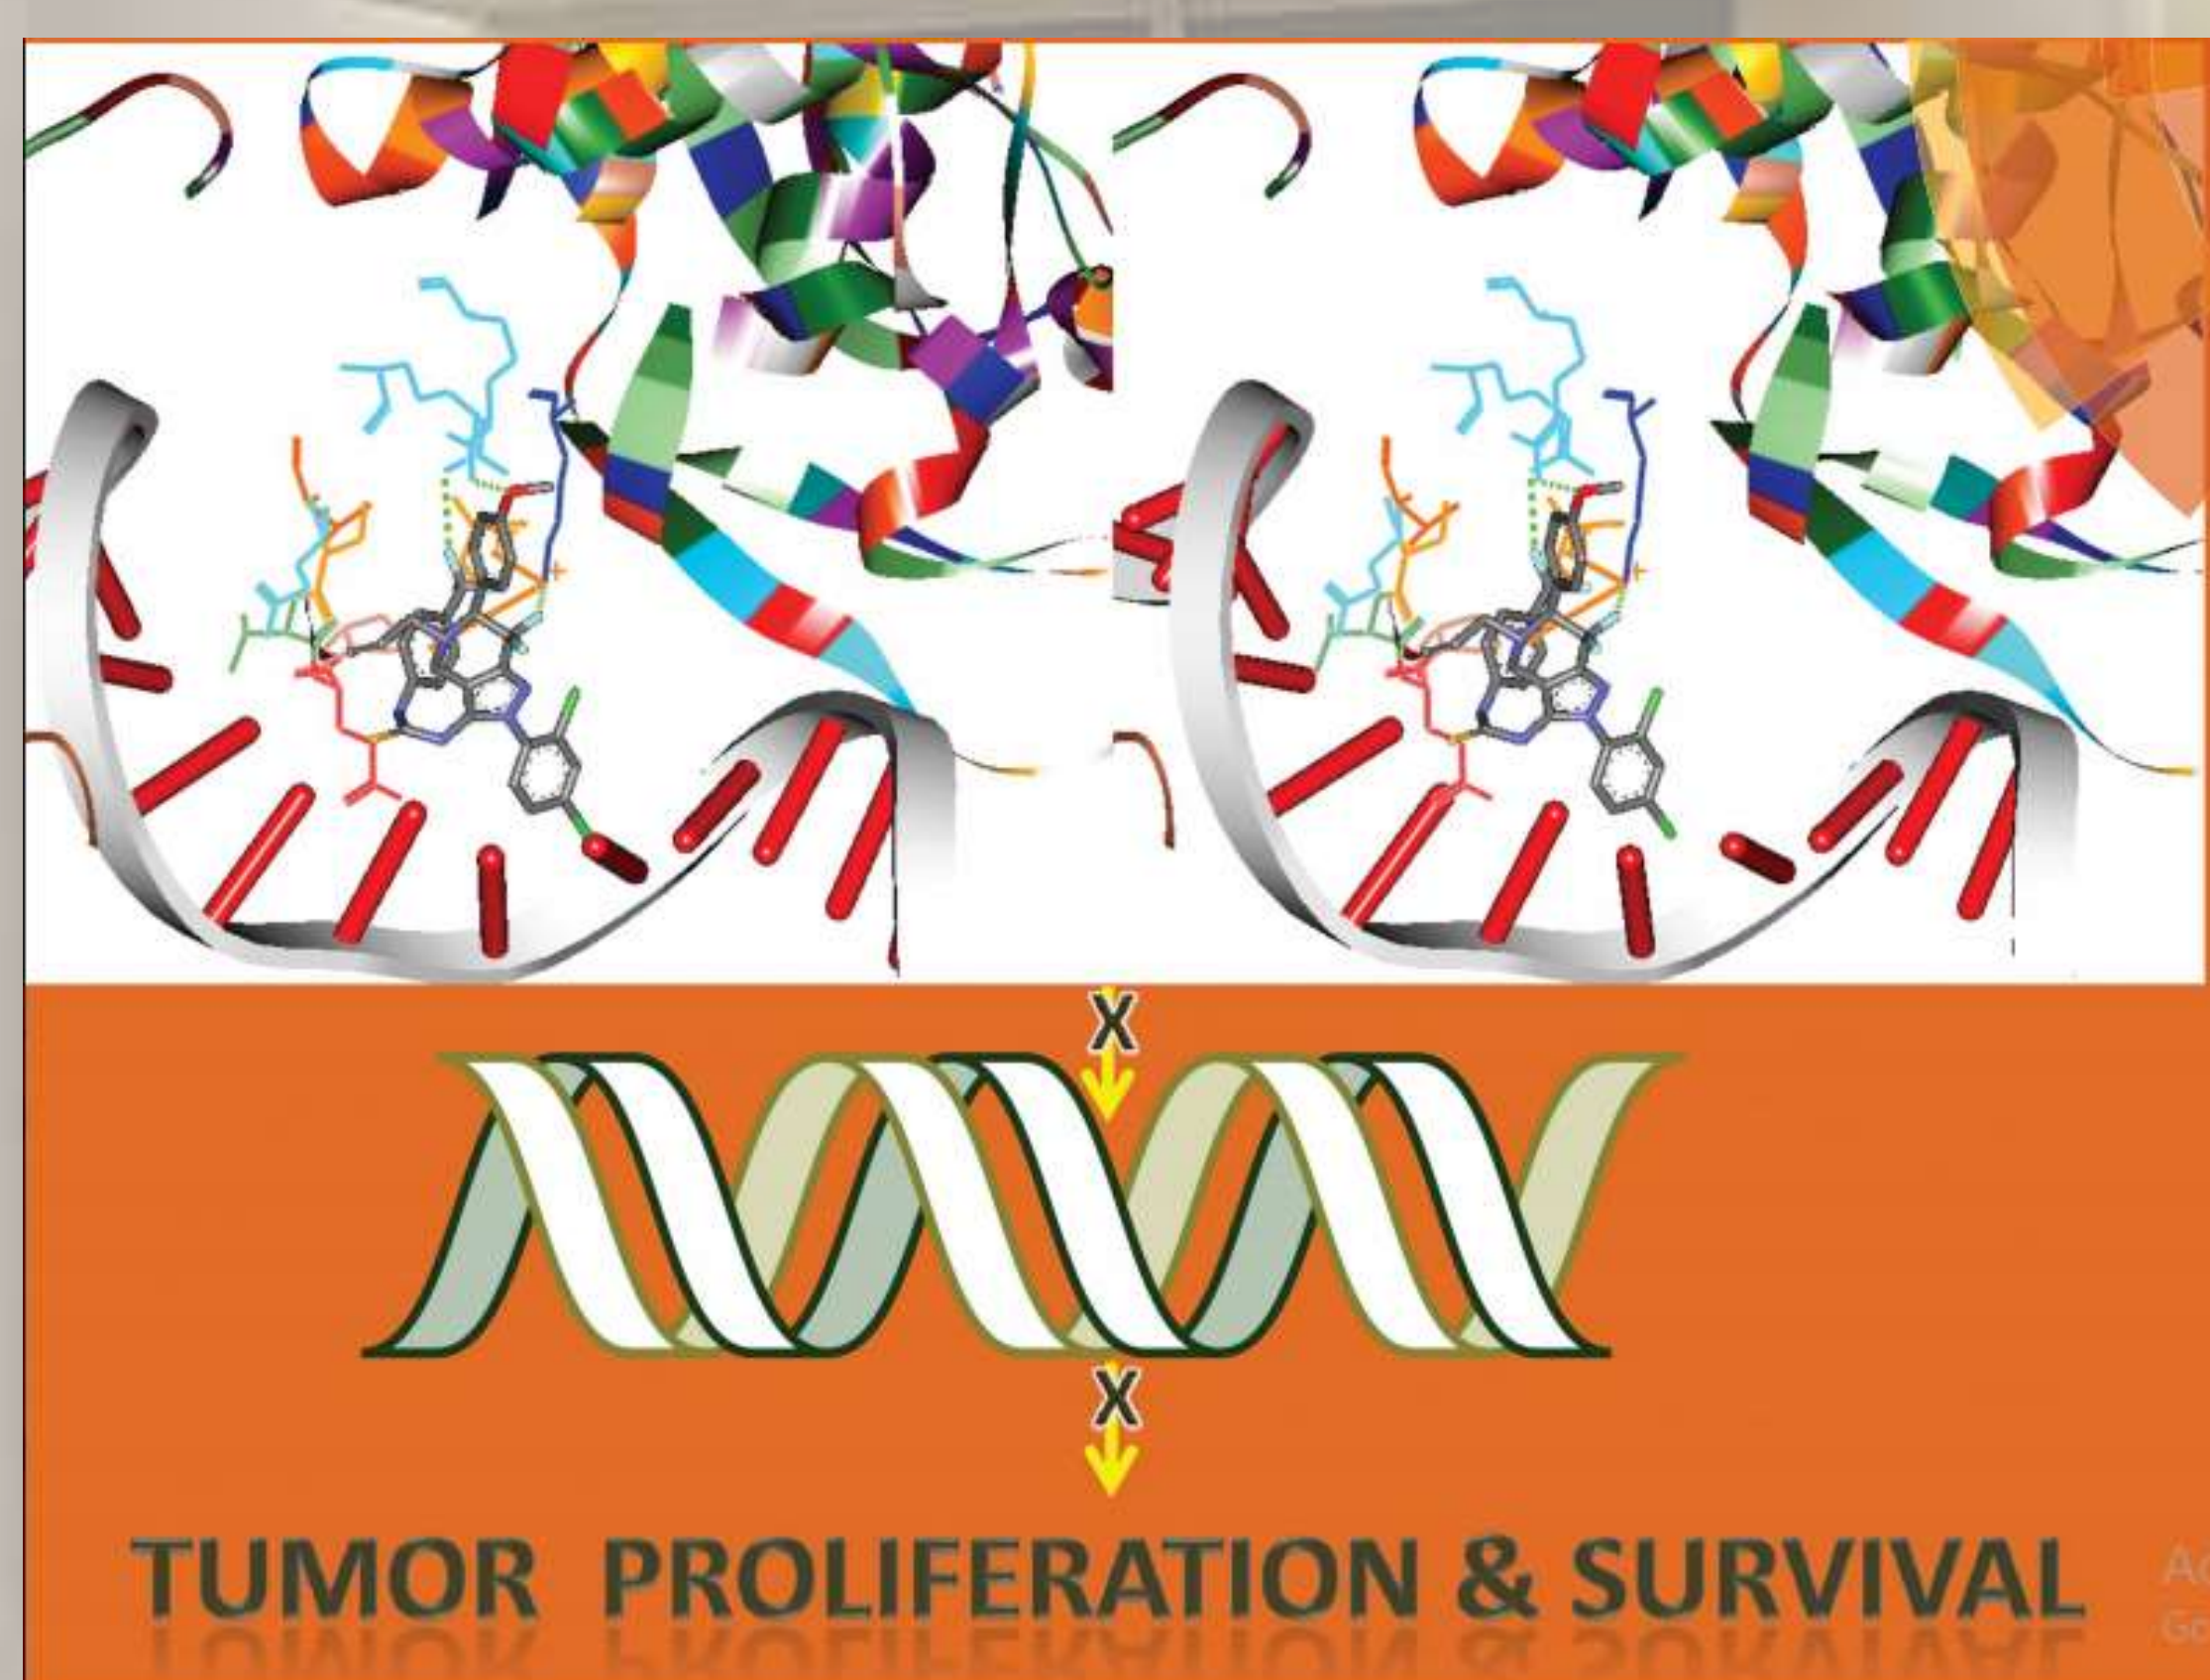

University of Mysore

The University of Mysore was established in 1916. It was founded during the reign of Krishnaraja Wodeyar IV, the Maharaja of Mysore. The university became the first outside the British administration in India, the sixth in India as a whole, and the first in Karnataka.

There are 38 Foreign collaborations and 27 National collaborations. Enrollment of a large number of overseas students from 63 countries reflects the international reputation of the university.

Department of Studies in Organic Chemistry

The new Department of Organic Chemistry has been established in 2015 by the then Vice-Chancellor, Prof. K. S. Rangappa. Because of his continues interest and persuasion, the new department is formed. The DOS in Organic Chemistry is engaged in research activities. The research activities of the department have been funded by VGST, UGC and DBT. The faculty members are involved in collaborative research program with national and international laboratories.
