INTRODUCTION

This course aims at developing the understanding of Group Work as a method, developing skills for intervention, and gaining knowledge of the scope of this method in various settings.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Develop awareness about the specific characteristics of Group Work and its contributions as a method of Social Work intervention,
- b. Gain knowledge about group formation and the use of a variety of group approaches.
- c. Develop understanding of concepts, dynamics and small group theory in relation to all types of groups, e.g. family, staff, committee, long-term client groups.
- d. Identify the various situations and settings where the method could be used in the context of social realities of the country.

Pedagogy

1. Class room teaching
2. During the concurrent field work programme the department encourage the trainees to understand the art and science of group formation and practice it at various settings like hospitals, schools, family welfare agencies, industries, women and child welfare settings etc.
3. Encourage the trainees to develop the skill of understanding the group dynamics and use them appropriately for group's all-round development, bring positive and socially acceptable changes among group members.
4. Trainees are encouraged to learn and practice both recording and evaluation of the whole group process and also the level of progress achieved by the group members.

Course Content

UNIT I

Introduction and history of Group Work: Understanding of groups - Characteristics and significance of group - Definition of Social Group Work - Characteristics of Social Group Work - Purpose of Social Group Work; Historical evolution of group work with special emphasis on the Indian Context.

Type of Groups: Types and approaches based on objectives and purpose – Type of Membership – Time -Duration

Values and Principles in group work and Characteristics of Group formation: Values in social group work- Principles in group work - Assumptions underlying social group work - Factors of group formation - Formulation of goals - Identification of problems for work.

UNIT II

Group Processes and Group Dynamics: Importance of group processes - Typical patterns - Processes in different type of groups - Worker's skills in identifying and understanding processes.

Pre-group and Initial Phase: Planning model - Characteristics of pre group phase - Group structures Facilitation skills and role of worker in pre-group and initial phase. Bond, sub-groups, role. Leadership - Isolation - Decision making - Conflict – Communication -Relationships.

UNIT III

Middle Phase and Use of Program: Characteristics of middle phase - Group structures - Group dynamics - Facilitation skills - Role of group workers - - Comparison across phases - Concept and principles - Program planning - Skills in program planning

Facilitation: Knowledge of skills and techniques for effective work with groups/problem solving.

UNIT IV

Recordings in Group work: Importance of recording in social group work - Principles of recording - Recording structure -Types of recording.

Evaluation in Groups and Termination Phase : Importance of evaluation - Types of evaluation - Methods of evaluation - Need for termination - Types of termination - Characteristics of termination phase - Worker's skills.

Application of Group Work: Application in health settings, school settings, family welfare settings, industrial settings, women and child welfare settings.

COURSE-V: WORK WITH COMMUNITIES

INTRODUCTION

Community organization / development, as a method of Social Work practice, is seen as a means to facilitate communities towards self-directed change. It takes as its basis the inequalities in society manifested through processes of marginalization, discrimination or disempowerment of groups, which have resulted in the loss of control over resources, be they tangible or intangible. The strategies of Community Organisation practice being addressed as part of the course cover a range spanning different ideologies, from those being people-initiated, and those that are initiated by the elite. Community organization is seen as a means as well as an end, where collective processes are to sustain the community's capacity to bring about change.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Understand the critical elements of community organisation practice.
- b. Enhance critical understanding of the models and strategies for community organisation practice.
- c. Make the micro-macro connections between the ranges of complex issues in practice.
- d. Develop attitudes conducive to participatory activities for civil society.

Pedagogy

1. Class room teaching.
2. During the concurrent field practicum the trainees are required to understand the dynamics of a community, analyse them critically and draw suitable conclusion to bring desirable changes in a community.
3. Conduct of Social Work Camp : A 10 day Social Work camp is organized by the Department of Social Work. The trainees are encouraged to learn the nuances of socializing with the local people, analyzing their needs and challenges, mobilizing people's participation in development activities, encouraging the local people to participate in the "Participatory Rural Appraisal" and enlightening them about sustainable social development.
4. Trainees also conduct a socio-economic survey, collect relevant data, analyse them, prepare a document and submit a copy of the document to the appropriate Government authorities for suitable action.
5. Encourage among the trainees the skills of problem analysis, resource mobilization, conflict resolution, organizing meetings, writings and documentation, networking training etc., through their active participation in both concurrent field practicum and Social Work camp.
6. Allow the Social Work trainees to understand the issues of human rights, protect them and create awareness among the local people about the same.

Course Content

UNIT I

Community: Concept, characteristics, types.

Understanding of community organisation practice: Definition of community organisation, values and principles of Community Organisations, ethics of community organisation practice. Historical development of community organisation practice.

Process of Community Organization.

Community organization and sustainable community development: People's participation; concept, need and people's participation and sustainable community development

Power: Concept of power - The range of perspectives - Dimensions of power relevant to community organization.

Empowerment: Concept of Empowerment - Barriers to, process and cycle of empowerment.

Gender and Empowerment: Gender sensitive community organization practice

UNIT II

Models and Strategies of Community Organization - Locality Development Model - Social Planning Model - Social Action Model - Select methods of public interest mobilization, litigation, protests and demonstrations, Dealing with authorities, Public Relations, Planning, Monitoring and Evaluation - Roles in different models attributes and attitude.

UNIT III

Community Organization as a Method: Relevance of community organisation as a method across different spheres of Social Work intervention and relook at own attitudes.

Skills of Community Organization Practitioner: Problem analysis, resource mobilization, conflict resolution, organizing meetings, writing and documentation, networking, training.

UNIT IV

Human rights: understanding human rights, need for the protection of human rights.

Strategy and Roles: Unionization as a strategy - Advocacy in community organization.

Current debates in Community Organisation Practice: Emerging issues - Impact of macro policies.

Course-VII: SOCIAL WORK PRACTICUM - I

Orientation provides information regarding.

- i. the importance and place of the practicum in the educational programme.
- ii. the purpose, functions and ethics in professional practice.

In the first four weeks, the learners may make a local directory to include emergency numbers of Hospitals/ PHCs/ Police/ Panchayath Office and Network Agencies along with references to other developmental and welfare services in the location.

Visits - provide an exposure to and understanding of the services provided in responses to people's needs. (Agencies in health setting, education, community, institutional services, criminal justice system, civic administration, rehabilitation etc.)

Structured experience laboratory - is a classroom activity, which provides opportunities through the games/activities, to form the involvement of self in various practice skills. These laboratory experiences are designed in small groups to encourage participation, sharing of the experience and aid in examining learning and applications of skills. These sessions have a specific objective of experiencing self and applying /using self in practice. (Relationship skills, Communication skills etc., will be focused)

Concurrent practice learning of two-days a week

An opportunity to develop intervention skills in learning Social Work practice for two days in a week of the entire semester. (a minimum of 25 field work visits are to be performed by each student in a semester)

The learners may be placed in agencies or in communities to initiate and participate in direct service delivery. Practice learning is a vital component of the educational opportunity to be provided to the learner. The teaching-learning process must be designed to help the learner to move on mastering strategies, skills and techniques to practice Social Work.

SECOND SEMESTER

HARD CORE

COURSE-I: MANAGEMENT OF DEVELOPMENTAL AND WELFARE SERVICES

INTRODUCTION

The course aims to develop management competencies to function in organizations, participate as a team member and understand the role of a Social Work programmes manager.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Understand the overall environment and its impact on the nature, structure and development of organizations in corporate, public and voluntary sectors in the context of Social Work profession.
- b. Understand policies and procedures involved in establishing and maintaining human service organizations.
- c. Acquire skills to network and participate in the management of resources -human, material and environmental.
- d. Develop skills to participate in management of programmes, as a part of the inter-disciplinary team and initiate as well as develop new programmes.
- e. Develop ability to analyse the practices applied in specific settings.

Pedagogy

1. Class room teaching
2. Participation in Workshops/Seminars/Conference organized by NGOs and Universities.
3. Group conference – once in a week (conducted in the Department).
4. Special lectures by the NGO functionaries – conducted by the Social Work trainees through their forums (once in a week)
5. Individual Conference: Conducted as a part of supervision of Social Work Practicum of trainees, 30 minutes for each trainee once in a week.
6. Preparation of an assignment on select topic and presentation of the same in the Department Seminars.

Course Content

UNIT I

Social Services: Need for welfare and developmental organisations, Factors determining social welfare programmes, Development and Welfare organizations " response to societal needs; role of state, voluntary and corporate sector. Management services: Types of settings, organizational characteristics like origin, nature, size, structure, and design, organizational climate and impact of socio-political environment - Management process: Vision, Planning, Organizing, Directing, Staffing, Coordination, Reporting, Budgeting.

Establishment: Registration, different types of legislations, legal status, constitution, rules and procedure, goals - Financial resources: Organizational Budget, Sources of finance, Fund Raising, Records, Audit.

UNIT II

Physical: All activities related to acquiring, hiring and maintaining importable structure and infrastructure, maintenance of premises and daily upkeep.

Enhancing the involvement and the potential of people in organization's executive boards, committees; professionals and other staff-relationship, communication, team work, and facilitating team building, supervision, and participation in training.

UNIT III

Programme Development: Programme management: long term, short term, and Documentation.

Project proposals based on felt-needs, nature of resources, eligibility criteria, records, evaluation and research.

Impact analysis - Qualitative and quantitative.

UNIT IV

Public Relations: Public relations need and its promotion by all in the organisation. Representing the organization, networking, public, corporate and voluntary sector, resource building, accountability, transparency, use of media for publicity.

Change and its Management: Understand and manage change, innovation in a rapidly changing social environment: for policy programmes and structure.

Organizational understanding: Conflict, conflict resolution, creating positive climate.

COURSE-II: SOCIAL WORK RESEARCH AND STATISTICS

INTRODUCTION

This course aims to equip learners to utilize, and conduct research as service managers to improve services, evaluate and develop new services and intervention methods: strategies and techniques and also be an effective consumer of other researches.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Develop an understanding of scientific approach to human inquiry in comparison to the native or common sense approach in various aspects and its process.
- b. Understand major research strategies, meaning, scope and importance of Social Work research.
- c. Develop an ability to see the linkages between practice, research, theory and their role in enriching one another.
- d. Develop the ability to conceptualize, formulate and conduct simple research projects/exercises (This would include a broad range of basic research skills such as conceptualization of a research strategy and problem; writing a research proposal; developing tools for collecting data; use of sampling, strategies; data collection, processing, presentation, analysis and interpretation; and writing research report etc).
- e. Make informed assessment and judicious use of research studies and findings.
- f. Develop skills for use of library and documentation services for research.

Pedagogy

1. Class room teaching.
2. Participation of trainees in the colloquium presentation programmes of senior Ph.D. scholars.

3. Conduct of a Socio-economic Survey as part of Social Work Camp. Collected data will be analysed, interpreted and a document is prepared with the help of a research expert.
4. Conduct of a mini research project work by each II Sem MSW trainee as a part of 21 days summer placement training programme in an NGO/Welfare organization.
5. Preparation of assignment and presentation of the same in the Department Seminar.
6. Participation in the conference and Seminars conducted in the sister Departments.
7. The fourth semester students carry out a major research project as per the requirements of MSW curriculum by following all the scientific research methodologies and processes. Each student is encouraged as well as guided by their research supervisors/senior faculty members.

Course Content

UNIT I

Science - Meaning and assumptions, scientific approach in comparison to the native or common sense approach.

Scientific attitude; Scientific method; application of scientific method for the study of social phenomena.

Research: Definition and objectives, Social Work Research: Meaning, objectives, functions and limitations; Scope of Social Work research in India; Agencies sponsoring and conducting Social Work research, ethics in research.

Problem identification: Criteria for the selection of research problem; Problem formulation.

Concepts, constructs, variables, conceptual and operational definitions. Hypothesis:

Meaning, importance, uses and requirements.

UNIT II

Design of research: Definition and importance; types of research design; exploratory, descriptive, experimental, evaluative design, participatory research and action research.

Source and Types of Data: Primary and secondary, objective and subjective, qualitative and quantitative.

Sampling: Sample and population: Rationale and Characteristics of sampling; methods of sampling, general considerations in the determination of sample size.

Methods of collection of primary data:

Observation : Structured and unstructured; participant and non-participant.

Questionnaire, interview schedule and interview guide. Pilot study and Pre-testing.

Scales: Need for scales, some prominent scaling procedures. Case study: Meaning, uses, steps.

Secondary data: Official data, personal documents, problem in the use of secondary data

UNIT III

Processing of data: Content, editing, coding data classification, manual and mechanical tabulation of data; frequency distribution, diagrammatic and graphic presentation - use of computers.

Issues related to Social Work Research: Interpretation of data, research reporting: contents of research report: foot-note, references, bibliography, preparation of abstract; the art of making book review.

UNIT IV

Statistics: Definition, functions and importance

Measures of Central Tendency; Measures of Dispersion.

Chi-square, Correlation Coefficient, "t" distribution; Analysis of Variance and F" distribution.

SPSS package.

COURSE-III: SOCIAL WORK PRACTICUM - II

SOCIAL WORK CAMP:

Rural/ Tribal camp with duration of 7 - 10 days - provide opportunities to experience rural life, analyze rural dynamics and observe the functioning of local self government and voluntary organisations. This experience aids peer participation in planning for activities for own group and those for local people. It also helps to develop skills to carry out, evaluate and report the experience.

SUMMER PLACEMENT

Summer Placement (21 days) - provides an opportunity to experience day-to-day work in a setting. The learner gets involved with direct practice with the client system and with the ongoing management operations of the setting. The time frame recommended for this experience is about three weeks, after the completion of first year of the post-graduate programme. The learner may use the same setting for data collection for Term project. The student has to execute a term project during the summer placement and is expected to select a

theme relevant to current social issues in consultation with the supervisor and make an exhaustive survey of literature on the chosen theme including empirical studies made on the same.

Further, the student shall also collect the experiences or opinions of people on the issues and make a detailed presentation.

Flexibility is accorded in planning and executing the term project. Creative and analytical approaches are to be carried out.

COURSE-IV : SOCIAL WORK PRACTICUM - III

Concurrent practice learning of two- days a week - on going learning practice is an opportunity to develop intervention skills in reality situations. This entails learning Social Work practice for two days or its equivalent, each week of the semester. The learners may be placed in agencies or in communities to initiate and participate in direct service delivery. Practice learning is a vital component of the educational opportunity to be provided to the learner. The teaching-learning process must be designed to help the learner to move on the mastering strategies, skills and techniques to practice Social Work.

COURSE-III: COMMUNICATION AND COUNSELING

INTRODUCTION

This paper lays down the relevance of components of communication and counseling in Social Work practice.

COURSE OUTCOMES

On successful completion of this course, each student will be able to:

- a. Understand the meaning and importance of communication in day-to-day life.
- b. Focus on interpersonal communication of interviewing and allied aspects.
- c. Develop holistic understanding of counseling as a tool for help.
- d. Acquire knowledge of various approaches: their theoretical under-pinnings for goals, values, processes and techniques.
- e. Develop skills of application to real life situations.

Pedagogy

1. Class room teaching.
2. Special invited lectures by the experts in the field.

3. Preparation of assignments and presentation of papers in the Departmental Seminars.
4. Exposure of trainees to different means and methods of communication.
5. Encouraging the trainees to hone their skills about communication, enable them to critically analyse the impact of mass media on society in general and youth in particular.

Course Content

UNIT I

Communication: Meaning and importance of communication.

Process of communication: Key elements in the communication process - Communication, message, audience; channel of communication. Verbal and non-verbal communication.

Basics of Communication.

Education and communication for national development.

Interpersonal communication: Interviewing - Objectives, principles of interviewing; listening, qualities of effective communicator.

Seminars, conferences, lectures, group discussion, panel discussion, symposium, workshop, role playing, simulation exercises, written communication, report writing, letter writing, article/essay writing, games, brain storming, street play, field work exposure.

UNIT II

Visual aids in communication: Poster making, use of notice boards, flip charts, charts, flash cards, photographs, pamphlets, slide shows.

Mass Communication: Television, exhibition, newspapers and magazines, advertisements, radio, film, VCD/ DVD, e-mail, internet.

Impact of mass communication on society, family, marriage and child development. Communication Analysis and Planning: Planning and executing a communication campaign on an issue using various methods of communication.

UNIT III

Counseling: Definition, nature and goals, areas of counseling; Historical background and origins of counseling, ethical nature of counseling, qualities of an effective counselor.

Counseling Situations: Developmental, preventive, facilitative, and crisis.

Counseling and Psychotherapy - Skills in counseling - Establishing the relationship.

Process of Counseling.

Approaches to Counseling: Approaches; Theoretical base, thrust, goals, key concepts, techniques - Approaches like person-centered, rational-emotive, behavioural approaches, gestalt, existential approaches, Egans three stage model, eclectic model.

Indigenous Approach: Indigenous approaches of help and self-help like yoga, reflection. Act of Prayashchit.

UNIT IV

Couple and Family Counseling: Issues in such counseling, its process and stages.

Crisis Counseling

Group Counseling: Counseling for groups - Process, advantages and disadvantages of group counseling.

Practice of counseling in family counseling centres, family courts, counseling bureau

- Premarital and marital counseling, vocational counseling centres, mental health centers, child guidance clinics, correctional institutions, deaddiction and rehabilitation centers, educational institutions.

COURSE-IV: GANDHIAN APPROACH TO WELFARE AND DEVELOPMENT

INTRODUCTION

The course aims at sensitizing the learner to the Gandhian approach and to utilize some of the skills in practice.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Develop an understanding of Gandhi's concept of society and his approach to social transformation.

- b. Develop knowledge of the specific programmes formulated by Gandhi for rural reconstruction and the development of the weaker sections of society, with the focus on strategies and skills.
- c. Develop the ability to identify similarities and differences between the Gandhian and professional Social Work approaches to social change, welfare and development.

Pedagogy

1. Class room teaching.
2. Special lectures by Gandhian ideologists/NGO personnel
3. Participation in Seminars, Conferences and Workshops organized by Universities/NGOs.
4. Participation of trainees in the Inter-University Cultural Competitions, debates etc. on the theme of Gandhian ideologies and it's relevance in the present days.

Course Content

Unit I

Gandhian thought: Salient features of Gandhian thought; Gandhian values; Concepts and methods; Concept of a healthy society; Sarvodaya.

Unit II

Gandhian Approach: Economic and its organization: Ownership of property; Concept of trusteeship, distribution and economic equality; System of production, problems of mechanization, decentralization of production, rural- urban relationship

Unit III

Social Organisation: Marriage and family, position of women, social stratification, caste and untouchability, education and its role; Basic education.

Unit IV

Constructive programmes: Contents training of constructive workers, skills involved, nature of programmes; Bhoodan, Gramdan.

Gandhian and Vinobha's movements with special reference to Bhoodan and Gramdan

Gandhian and Professional Social Work Approach: Similarities and differences between Gandhian and professional approach to social development and welfare

COURSE-V: PERSONAL AND PROFESSIONAL GROWTH

INTRODUCTION

The course aims at enhancing personal and professional effectiveness by developing a continuous awareness and deeper insight into one's being. It encourages value clarification, upholding the professional ethics and ability to make effective choices for integration. It provides opportunities to understand stress, stressors and methods to handle stress experienced by individuals.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Understand self as a being as one in the process of becoming and experience self-awareness.
- b. Examine own values and attitudes and explore choices made to express self in one's own environment.
- c. Develop positive life skills and practice self-help methods for integration and for stress reduction.
- d. Understand and uphold professional values and ethics.

Pedagogy

1. Class room teaching
2. Special talks by spiritual practitioners and speakers.
3. Participation of trainees in the workshops conducted by leading spiritual institutions.
4. Paper presentations by trainees in the form of Class-room Seminars.
5. Group Conference – organized once in a week in the Department.

Course Content:

UNIT I

Self and Self Awareness: Understand self through a cognitive construct/paradigm (two/three models from among those available may be offered as workshops). Suggested approaches are: Rational Emotive Therapy, Gestalt Approach, Transactional Analysis, Reality Therapy, Yoga for Therapy, Meditation Techniques. Explore self as being, and understand the process of becoming. (through observation)

Practice consciously measures to sustain and experience continuous awareness. Observation and Reflection: Theory and techniques.

Communication Choices: Communication mode and patterns and effectiveness, Interpersonal communication, nature of choices made.

UNIT II

Emotions and their Expression: Emotions, nature of expression.

Understand own pattern of communication, choices made to express emotions, modes used, examine need for change.

Communication: Informal and knowledge and skills of rapid reading, writing, creative writing, report writing and public speaking.

UNIT III

Creativity and Self: Understand brain functions: Creativity, need and development Life Style: Conscious life style - enhanced life skills: Communication, decision making, empathy, critical thinking, use of time and money, building and sustaining bonds-relational, collegial and personal.

Self defeating behaviour - nature and impact. Choices for change.

UNIT IV

Values, Attitude and Professional Ethics: Values and attitudes - their role in life, Value conflict - its impact, value clarification.

Integration: Through Eastern and Western approaches experience the processes of integration. Approaches recommended are: Yoga as a science, meditation (tool for meditation - own choice).

Stress / Burn out - Self help Methods: Stress, Stressors, nature and impact of stress, its expression, and burnout.

Spirituality and Growth.

COURSE-VI: POPULATION AND ENVIRONMENT

INTRODUCTION

The content has two aspects to it. Population dynamics and its relatedness to the environment, natural resources, utilization and their preservation.

COURSE OUTCOMES:

On successful completion of this course, each student will be able to :

- a. Understand characteristics, determinants of population growth.
- b. Examine population policy, plan and initiatives.
- c. Understand inter-relatedness of human life, living organisms and environment.
- d. Examine the utilization and management of resources.
- e. Develop skills to participate in activities related to the two areas.

Pedagogy

1. Class room teaching.
2. Visit by trainees to the NGOs/Welfare agencies working in the field of population and environment.
3. Special Lectures by practitioners/NGO personnel, officers from Government Departments.
4. Group Conference organized at the department once in a week.

Course Content

UNIT I

Characteristics of population: Population, determinants of growth. Global concerns

- Characteristics of Indian Population – Distribution by age, sex, literacy and occupation – Fertility trends - Birth and death ratio.

Population Policy, World Action Plan, Population Policy of India- Implementation; Initiatives – Government and NGO.

UNIT II

Family Planning: Objectives, scope, methods, implementation, mechanisms and progress.

Concept and Scope of Population education, family life education, sex education, and family planning education.

Population and Environment: Interrelatedness of human life, living organisms; Environment and natural resource – Environment, lifestyle, degradation. Environment management, maintaining, improving, enhancing – Current issues of Environment.

UNIT III

Natural Resources and Diversity: Utilisation and management – Forest, land, water, air, energy sources - Pollution - Sources, treatment, prevention - Soil, water, air, noise - Waste matter - disposal, recycling, renewal, problems, issues - Programmes for forest, land and water management.

UNIT IV

Environment Protection Laws and Role of Social Worker: Acts related to environmental protection – Forest conservation- Water pollution – Standards and tolerance levels – Unplanned urbanization- Environmental movements in India - Role of NGOs in Environmental issues – Government agencies in environmental protection – Social Work initiatives at different levels.

OPEN ELECTIVE

COURSE-VII: SOCIAL WORK PRACTICE WITH CHILDREN

INTRODUCTION

Children are the future of human society. Professional Social Workers have to work with children in difficult circumstances while rendering services in varied settings. There is a need for Social Workers specially trained in working with the children and adolescents. Such trained Social Workers can render valuable services to children in need of professional help.

The current paper focuses on children as a special group for focused Social Work intervention through facilitating acquisition of knowledge about children from different perspectives, types of settings where the children can be helped and application of Social Work methods to render Social Work intervention to children.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Understand children facing difficult circumstances and the impact of difficult circumstances on children's development.
- b. Gain an overview of agencies where children form the major client group and appropriate evaluation of children's problems.
- c. Impart to the trainee, specific Social Work intervention methods in dealing with children as a client group; to understand the Rights of children in the legal, national and international context.

Pedagogy

1. Class room teaching
2. Orientation visits organized to NGOs and Government Child Welfare Agencies, enabling trainees to observe, analyse and interact with agency personnel and develop knowledge and skills.
3. Participation of trainees in Conferences/Seminars/Workshops organized by Universities and NGOs.

Course Content

UNIT I

Human reproductive system - beginning of life till beginning of adulthood. Understanding the children and adolescents from different perspectives - developmental, demographic, economic, psychological, sociological, environmental, familial, educational dimensions of child development. Issues in adolescence - self image, peer group, career choice, sexuality, education, vocation and other issues. Healthy child development, importance of supportive environment in upbringing of the children.

UNIT II

Children in difficult circumstances - developmental delay, physical and intellectual handicaps; chronic illnesses, nutritional deficiencies, accidents, poverty, child labour, abandoned and orphaned children, adoption issues, children in institutions, psychological problems in children, self harm and suicides in children, addiction related problems in children, children brought up by single parent due to death, divorce and other related issues, problems in formal schooling, children living in difficult situations - children in streets, slums, war zones, migration, children in conflict with law, truancy, drug abuse, running away from homes, neglected children, child abuse, child trafficking, child marriage and any other. Special focus on adolescent issues as applicable.

UNIT III

Children in difficulties – Helping agencies, Settings and issues - paediatric hospitals, nursing homes, child care centres, child guidance clinics, residential care services for children - residential schools, orphanages, homes for children in conflict with law, agencies dealing with differently abled children, any other.

Assessment, intervention, follow up and evaluation of children and adolescents facing difficulties.

UNIT IV

Social Work Intervention Programmes - Case work, group work, community organisation methods in helping children, school mental health programmes, home visits, school visits, life skills training, family

life education for adolescents, creative use of play therapy, art, dance, drama and other mediums for helping children, child help lines, child care centres, adoption services, special rehabilitation services for rescued children and any other.

Legislations pertaining to children, legal protection, International, National and non-governmental organisations working with children, Rights of the children.

THIRD SEMESTER
HARD CORE
COURSE-I: Human Resource Management

INTRODUCTION

The main objective of this course is to prepare young post-graduates for management and administrative positions in various industrial, business, governmental/non-governmental organisations and service sector organisations.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Develop managerial skills in different functional areas of management with practical focus on HRM.
- b. Develop the competence to evolve the problem-solving approaches by applying conceptual and behavioural skills.
- c. Develop interpersonal skills/competence and leadership qualities to work in a group with team building approach.
- d. Develop sound theoretical base in various concepts and theories to enable the student to develop a broad perspective of the management field.
- e. Distinguish the strategic approach to Human Resources from the traditional functional approach.
- f. Understand the relationship of HR strategy with overall corporate strategy.

Pedagogy

1. Class room teaching.
2. Orientation visits to 10-12 industrial organizations.
3. Field Work (Social Work Practicum) Program at industries for 25 full days.
4. Individual Conference where the trainees and faculty supervisors, sit one-on-one and discuss about the trainee's observation and learning and helps the trainee to solve his/her doubts about the subject (held once in a week for 30 minutes per trainee).
5. HR experts are invited to the Department through the Social Work Student Forum and trainees are allowed to have purposeful interaction and develop knowledge and awareness on the subject.
6. Trainees are motivated to select areas for conduct of Major Research Project in the fourth Semester.

Course Content

UNIT I

Human Resource Management: Concept, scope, philosophy and objectives; Evolution; Approaches, Structure and Functions; Line and staff relations of HRM; HRM Model. Hierarchy, formal and informal structure, Organization chart/reporting structure.

Human Resource Planning: Concept and objectives; Human resource inventory; Human resource planning process; job analysis; job description; job specification; job design; career planning and career paths; job rotation.

UNIT II

Talent Acquisition: Goals; policies, sources and methods. Selection: Concept, process. Talent Acquisition Tests, Theories and issues in psychological testing, Intelligence testing – theoretical background, Aptitude Testing, Personality Assessment, MBTI. Placement, Induction and socializing the new employee. Talent retention: Concept, importance and methods.

UNIT III

Compensation Management: Factors influencing compensation plans and policies; Job evaluation - Fixation of salary, components of salary. Pay for performance – Incentive Schemes, principles and types, Employee Stock Option Plan, compensation survey / review

UNIT IV

Strategic Human Resource Management (SHRM): Business strategy and organizational capability, SHRM: aligning HR with Corporate strategy, Strategic HR planning and Development, Change Management and restructuring and SHRM, Corporate Social Responsibility (CSR), Corporate Ethics, Values and SHRM, Competencies of HR professional in a SHRM scenario.

COURSE-II: SOCIAL WORK PRACTICUM - IV

Workshops: Skill Development Programmes- help learners acquire specific skills for situations encountered during practice and acquire skills for intervention. These may be for problems/ concerns, issues or situations like work with alcoholics, HIV/AIDS affected persons, adolescents for life skills development, youth for leadership development and couples for improved marital relationship and enrichment work with elderly. These workshops are to enhance skills/ develop new skills for practice in specific situation, specific problems and issues.

Concurrent practice learning of two-days a week - on going learning of practice is an opportunity to develop intervention skills in reality situations. This entails learning Social Work practice for two days or its equivalent, each week of the semester.

The learners may be placed in agencies or in communities to initiate and participate in direct service delivery. Practice learning is a vital component of the educational opportunity to be provided to the learner.

The teaching-learning process must be designed to help the learner to move on to mastering strategies, skills and techniques to practice Social Work.

COURSE-III: SOCIAL WORK WITH TRIBAL AND RURAL COMMUNITIES

INTRODUCTION

This course aims at introducing the learner the programmes of tribal and rural development and the importance of Social Work practice with tribal and rural communities.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Develop an understanding of tribal and rural communities.
- b. Understand the characteristics and problems of tribal and rural communities.
- c. Acquire knowledge about the contribution of Governmental and Non-governmental Organisations to tribal and rural development.
- d. Develop an understanding of the functions of Panchayath Raj Institutions with particular reference to Karnataka.
- e. Gain knowledge about the application of Social Work in tribal and rural development programmes.

Pedagogy

1. Class room teaching.
2. Orientation visits to Government Departments and NGOs, where trainees are allowed to observe, listen interact and learn about the Socio-Economic and cultural issues and challenges of tribal people.
3. Individual assignments and paper presentations in the class seminars.
4. Group Conference
5. Exposure is given to all trainees about tribal community by organizing Social Work Camps at tribal (Haadis) settlements after obtaining due permission from the Government Department and the University.

Course Content

UNIT I

Tribe in relation to caste and nation - Nature and Characteristics of Primitive Cultures- Tribes in India and their ecological distribution.

Emerging Trends in Tribal Social Institutions - Family and Kinship Systems, Jati Structure, Economic Structure, Political organisations.

Characteristics of Tribal Society - Economic, Social, Political and Cultural Problems of Tribal Life.

UNIT II

Government Programmes since Independence and their Impact on Tribal Societies - Programmes of Voluntary Agencies and their Impact on Tribal Societies.

Analysis and Assessment of Tribal Community Problems - Special Problems of the Tribals in a particular area.

Social Work Practice in Tribal Development: Community organisation as a method of intervention, Participatory Rural Appraisal (PRA), Logical Framework Approach/ Analysis (LFA), techniques of intervention and its scope in tribal community development.

UNIT III

Rural Society and Poverty - Historical perspective - Dynamics in the village society – Caste/class relationships - Control and Power, Conflict and Integration. Poverty in the rural context - Its nature and manifestations.

Analysis of Basic Problems - Issues faced by the rural poor such as indebtedness, Bonded labour, Low wages, Unemployment, Underemployment, and other forms of exploitations.

UNIT IV

Current Rural Development Programmes in India: Council for the Advancement of People's Action and Rural Technology (CAPART) and other Rural Development Statutory Bodies.

Panchayath Raj System in Karnataka and its role in rural and tribal development. Role of Social Worker in tribal and rural development programmes.

SOFT CORE

COURSE-IV: ORGANIZATIONAL BEHAVIOUR AND ORGANIZATIONAL DEVELOPMENT

INTRODUCTION

The course aims to provide an understanding of human behavior at work so that the learner may acquire the skills required to analyze problems and develop a problem-solving approach.

COURSE OUTCOMES:

On successful completion of this course, each student will be able to :

- a. Impart knowledge about individual, group and organizational dynamics and their consequences.
- b. Make clear the concepts and approaches that help in developing models or systems that support human ingenuity.
- c. Acquaint the students with the knowledge of theories and practices that govern human behavior at work.
- d. Help the learner understand the value and worth of human resources in an organization.
- e. Enable the students to become aware of their communication skills and sensitize them to their potential to become successful managers.
- f. Gain self-confidence and healthy self-respect while retaining respect for other's rights.
- g. Understand the application of Transactional Analysis in several areas of employee management.

Pedagogy

1. Class room teaching
2. Special workshops by industry experts.
3. Invited lectures by industry/HR experts through Social Work Student Forum.
4. Field Work (Social Work Practicum) Programme for 25 full days.

5. Participation of trainees in the Conference/Seminars organized by the Universities and other professional bodies like National Institute of Personnel Management.

Course content

UNIT I

Conceptual Framework: Organization Behavior: Definition, concept, approaches and scope, historical background of Organization Behavior.

Introduction to Enneagram, personality types according to Enneagram. Emotional Intelligence; Attitude, Values, Personality; Job satisfaction, Employee Morale : Meaning, influences and outcomes - Measuring job satisfaction.

Assertiveness Training: Benefits of assertiveness – components of assertive behavior, measuring assertiveness, handling fear, handling anger, handling depression, developing assertive behavior skills, assertiveness on the job, assertiveness in interpersonal relations.

UNIT II

Transactional Analysis (TA), TA and self awareness, Winners and Losers, Structural analysis, Life positions, transactions, games and strokes, Life scripts, TA applications in motivation, Leadership and Teamwork, TA in counseling.

Motivation: Concept and theories, techniques of motivation, role of reinforcement and punishment, motivation and organization reward system, awards, employee empowerment and engagement.

UNIT III

Leadership: Meaning, roles, skills, and styles, leadership theories, types of leadership, powerful persuasion strategies.

Group dynamics: Concept, types of groups, dynamics of group formation, decision making in groups.

Organization Development: Concept, emerging approaches and techniques, Foundations of OD, Organizational Diagnosis, OD interventions – An overview, individual and interpersonal interventions, team/group interventions, comprehensive interventions, organizational transformation, success and failure of OD, Planned Organizational change, feedback and OD.

UNIT IV

Organizational Conflict: Concepts, causes and types, conflict-resolution strategies.

Organizational change: Concept, forces of change and resistance to change, managing organizational change and diversity, facilitating creative and divergent thinking, planned organizational change.

Stress and Burn Out: Concepts, causes, consequences and coping strategies.

Managerial Ethics: Individual ethics, ethical dilemmas in management, Ethical practices of Indian Managers, Corporate ethics.

Course-V: PREVENTIVE AND SOCIAL MEDICINE AND MEDICAL SOCIAL WORK

INTRODUCTION

This course introduces the basic health issues and the application of Social Work in health setting both in hospital and community.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Understand the concept and dimensions of health.
- b. Understand the issues related to the prevention, clinical features and treatment of major communicable and non-communicable diseases.
- c. Trace the historical development of Medical Social Work in India and abroad.
- d. Understand the nature of Medical Social Work services.
- e. Understand the tenets of National Health Policy of India and modernization of community based health care services.
- f. Understand the health care services at different levels.

Pedagogy

1. Class room teaching.
2. Orientation visits to select hospitals and enabling trainees to learn by observing and interacting with the Medical Social Workers.
3. Field Work placements (Social Work Practicum) for 25 full days, Social Work trainees are expected have closer and purposeful interaction with Medical Social Workers, Doctors (some time) and also with select patients. The trainees also practice counseling with certain persons having health issues (on recommendation of Medical Social Workers).
4. Group Conference in the Department of Social Work.
5. Individual Conference with respective faculty supervisor, once in a week.

COURSE CONTENT

UNIT I

Concept of health: Physical, social, mental and spiritual dimensions of health - Positive health - Determinants of health - Health and development - Indicators of health. Concept of Prevention: Levels

of prevention - Hygiene, public health, preventive medicine, community health, social medicine, community medicine.

Health Care of the Community; Concept of health care - Levels and principles of health care.

UNIT II

Communicable and Non-communicable Diseases: Leprosy, Tuberculosis, Sexually Transmitted Diseases (STDs), HIV/AIDS. Cancer, Hypertension, Accidents, Diabetes, Blindness, Neurological problems, Mental illnesses.

Maternal and Child Health Services - Immunization – Integrated Child Development Services (ICDS) Scheme - School health programmes.

UNIT III

Medical Social Work: Meaning, Definition and Scope - Historical background and nature: Medical Social Work in India and Abroad - Team work and Multidisciplinary approach in health care; Organization and administration of medical Social Work departments in hospitals.

Patient as a person and Role of Social Worker: Understanding the patient as a person; Illness behaviour and treatment behaviour of the patient - Impact of illness on the patient and family.

Role of Social Worker with patients and their families - Rehabilitation.

UNIT IV

National Health Policy of India, Directorate General of Health Services, Indian Council of Medical Research (ICMR), Health as a concurrent subject.

Health System in India - at the Centre, at the State level, at the district level, and village level. Health Education and Communication.

Voluntary Health Agencies in India - International health - World Health Organisation (WHO), UNICEF, UNDP, FAO, ILO, World Bank.

Non - governmental and other Agencies - Ford Foundation, CARE, International Red Cross, Indian Red Cross.

COURSE-VI: REHABILITATION AND AFTER CARE SERVICES

INTRODUCTION

Rehabilitation of differently abled people is a noble and worthy endeavor, requiring the combined knowledge of the psycho-social theory and practical skills and techniques of Social Work. The current paper facilitates Social Work students to work with the specific group of clientele suffering from various types of disabilities and impart application of specific professional Social Work methods to cater to the needs of this population.

COURSE OUTCOMES:

On successful completion of this course, each student will be able to :

- a. Understand the concept of handicap, rehabilitation and the scope for practice.
- b. Identify the specific client categories requiring the rehabilitation services, problem specificity and rehabilitation service interventions.
- c. Acquaint oneself with different rehabilitation settings, different therapeutic approaches to rehabilitation process.
- d. Acquire the Social Work skills adopted to facilitate the process of rehabilitation, the rights and legal provisions provided for differently abled people and assimilate the knowledge of Social Work practice to disability specific client service.

Pedagogy

1. Class room teaching.
2. Orientation visits to select agencies/NGOs carrying out rehabilitation and after care services in different settings.
3. Field work placements (Social Work Practicum) for 25 full days.
4. Participation in Conferences/Seminars organized and conducted by Universities and other professional bodies.
5. Trainees are encouraged to practice Social Work Methods like Case Work, Group Work and Community Organization and Development.

Course Content

UNIT I

Rehabilitation: Definition and scope for Social Work interventions; definition of Impairment, Disability, Handicap; causes of Handicap - heredity, acquired, Major illnesses - physical, neurological and psychiatric; Stress, vulnerability, coping and competence to deal with handicaps; Need for comprehensive rehabilitation – psycho-social rehabilitation

UNIT II

History, philosophy and principles of psycho-social rehabilitation; specific problem areas – physical handicap - vision, hearing, orthopedic, speech and language difficulties, mental retardation and others; neurological, psychiatric problems, disasters, alcohol and drug usage, terminal illnesses and any other.

Intervention in rehabilitation: Assessment, planning, intervention, evaluation, tools for assessment, follow-up services.

UNIT III

Rehabilitation Settings: Hospital based, day-care, night-care, quarter-way home, half-way-home, group home, hostels, long-stay homes, vocational guidance centre, sheltered workshop, occupational therapy centre, community based rehabilitation centre, home care, inclusive education and others Approaches: Therapeutic community, behavior modifications, transactional analysis and eclectic approach

UNIT IV

Practice of Social Work methods in the process of rehabilitation: Case work, group work, community organisation, research, administration and social action.

Legal provisions for differently abled people – The Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act 1995, Rehabilitation Council of India: Formation, scope and functions, governmental policies and programmes, initiatives from the non- governmental sectors.

International trends and national initiatives in the rehabilitation scenario.

COURSE-VII: SOCIAL POLICY, PLANNING AND DEVELOPMENT

INTRODUCTION

The course introduces the learner as to how policy is a link between Constitutional Principles, Development Plans, Legislative and Executive Actions. The analysis of these processes is to enable utilization of the knowledge to improve Social Work practice.

Further, it provides a critical and analytical framework to understand key concepts, development processes and current issues, pertaining to different parts of the world, with specific reference to India. This course is expected to provide the Social Work students with a context for micro-level interventions.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Gain knowledge of policy analysis and the policy formulation process.
- b. Acquire skills in critical analysis of social policies and development plans.
- c. Develop an understanding of social policy in the perspective of national goals as stated in the Constitution, particularly with reference to Fundamental Rights and the Directive Principles of State Policy.
- d. Critically understand the concept, content and process of social development.
- e. Develop the capacity to identify linkages among social needs, problems, development issues and policies.
- f. Locate strategies and skills necessary for social development and reinforce values of social justice, gender justice and equality.

Pedagogy

1. Class room teaching.
2. Visits to Government Welfare Departments.
3. Special Speeches by experts in the field.
4. Conduct of major research projects on the subject.
5. Participation of trainees in the Conference/Seminars/Workshops by the Universities/Other Professional bodies.

Course Content

UNIT I

Social Policy and Constitution: Concept of social policy, sectoral policies and social services - Relationship between social policy and social development-- Values underlying social policy and planning based on the Constitutional provisions (i.e. the Directive Principles of State Policy and Fundamental Rights) and the Human Rights - Different models of social policy and their applicability to the Indian situation.

UNIT II

Sectoral Social Policies in India: Evolution of social policy in India in a historical perspective-Different sectoral policies and their implementation, e.g. Policies concerning education, health, social welfare, women, children, welfare of backward classes, social security, housing, youth, population and family welfare, environment and ecology, urban and rural development, tribal development and poverty alleviation.

UNIT III

Social Planning: Concept of social planning - Scope of social planning - the popular restricted view as planning for social services and the wider view as inclusive of all sectoral planning to achieve the goals of social development - Indian planning in a historical perspective - The Constitutional position of planning in India. The legal status of the Planning Commission - Coordination between Centre and State, need for decentralization - Panchayath Raj - people participation.

UNIT IV

Social Development: Concept of social development - Current debates of development - Approaches to development - Development indicators.

Social Development in India: The historical and social context of development in India - Demographic transitions - Rural development: Agrarian and land reforms; Green Revolution - Industrialization and urban development - Labour relations-Gender issues - Environmental issues (land, water, forest) - Education - Health.

OPEN ELECTIVE

COURSE-IX: GERONTOLOGICAL SOCIAL WORK

INTRODUCTION

Changing demographic profile in India has led to rise in the number of elderly as never before. Along with the enhanced longevity, a number of issues related to care and management of elderly have come into focus. Social Work as a profession is concerned with providing professional service to the needy, has recognized the need to address the concerns of the senior citizens. The paper envisages training the learners in professional Social Work practice with the elderly.

The paper focuses on senior citizens as target client group for Social Work intervention; the paper deals with the issues, concerns, problems and Social Work methods in facilitating healthy adaptation of the client group in the current Indian context.

COURSE OUTCOMES:

On successful completion of this course, each student will be able to :

- a. Gets an overview of the perspectives on aging and scope for practice.
- b. Understand the various challenges related to aging, healthy aging and problems of the elderly in difficult situations.
- c. Identify agencies working with elderly, the different care settings and issues in working with elderly in different settings. To gain an insight into the process of working with elderly.
- d. Train the learners in applying specific Social Work intervention measures in working with senior citizens, care givers and to have an understanding of
National Policy on Older Persons, and the role of National and International NGOs in improving the quality of life of the elderly.

Pedagogy

1. Class room teaching
2. Visit to old age homes
3. Encouraging trainees to practice Social Work methods like : Case Work, Group Work, Counseling etc.
4. Participation of trainees in the National/State/Regional Local Conferences organized by various development agencies.
5. Discussion with faculty on one-on-one basis.

Course Content

UNIT I

Gerontology – Definition and scope. Understanding the elderly – demographic, developmental, psychological, socio cultural, economic, and health perspectives. The issues pertaining to elderly-health, occupation, income, retirement planning, family support, gender issues, property Rights and any other

UNIT II

Developmental tasks in elderly: Issues in health care, changes in family structure, coping with aging process, challenges due to changing physiological, economic, safety, status in the family and other issues, Healthy aging, quality of life, coping with demise of the life partner, bereavement, resolving one's own death, and any other.

UNIT III

Care settings for elderly: General hospitals, geriatric wards/ hospitals, home-based care, homes for the aged, nursing homes, day-care-centers, hobby centers, and facilities for homeless elderly, elder helpline, and senior citizen forum.

Tools for assessment of the problems of elderly, intervention and follow up services and evaluation.

UNIT IV

Social Work intervention measures for senior citizens through methods of Social Work: Case work, group work, community organisation, welfare administration, Social Work research, social action

Care giver issues - Needs, burden, coping and training; training for caregivers of institutions for the elderly

National Policy on Older Persons, Legal and governmental welfare benefits for senior citizens, Role of Help Age India and other prominent Organisations working for elderly.

International scenario

OPEN ELECTIVE

COURSE-X: MANAGEMENT OF NON-GOVERNMENTAL ORGANIZATIONS

INTRODUCTION

This course aims at introducing students to the concepts and principles involved in managing non-profit organizations particularly NGOs.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Develop an understanding about the role of NGOs in societal development.
- b. Develop knowledge about management of NGOs.
- c. Develop the ability to identify collaborative strategies between NGOs and Government institutions.

Pedagogy

1. Class room teaching.
2. Orientation Visit to (3 to 4) NGOs.
3. Participation in the Conference/Seminars/Workshops.
4. Discussion with faculty.

Course Content

UNIT I

Non Profits as Organisational Entities: Non-profits as modern organizational forms- NGOs as non profit organizations involved in development work - common denominators and overlaps in business, public and non- profit managements - legal – rational structure of non-profits - trusts, societies and companies special reference to Trust Act, Societies Registration Act and Companies Act

UNIT II

Organisational Design: Vision, Mission and Goals of NGOs - matching intervention paradigms with mission and vision – translating vision and mission into action – Role of Strategic Planning - Operational goals, Programmes and Projects - Division of responsibility, authority and power relations – Decision-making - Participation, empowerment, teamwork and ownership Voluntarism, Individual Autonomy and Organisational accountability, Transparency and Stakeholder Accountability - Knowledge generation and management - Leadership styles suited for NGOs.

UNIT III

NGO Environment: Interfacing with community and community based organizations - NGO-State relationship - Critical collaboration and autonomy - Managing and maintaining donor constituency – Other NGOs and CBO - Networking, Partnering, Collaborating, etc. – Relating to market and business-NGI- Corporate relationship.

NGO Capacity Building - Building the competencies in NGOs - Identification and procurement of right competencies, Training and development and performance appraisal – Organisational – techno - managerial capacity, Capacity for independence and autonomy and capacity for learning and change.

UNIT IV

Resource Management for Non- Profits:

Resource Mobilisation for NGO - Non-financial resource, natural resources, physical resources in the form of common property - Human capital resources and social capital financial resource – Institutional and non-institutional sources of funding - National and international Fund-raising strategies - Foreign contributions - Statutory obligations.

Accounting for Non- Profit Organisations: Basic accounting principles and concepts- Preparation and analysis of financial statements- Ratio analysis, cash flow and fund flow analysis - Responsibility accounting, performance budgeting and zero base budgeting; Financial Management: Investment, Financing – Management of working capital.

FOURTH SEMESTER
HARD CORE
COURSE-I: EMPLOYEE RELATIONS AND LEGISLATION

INTRODUCTION

The purpose of the course is to provide an in-depth knowledge about the relationship between employer, employee and the state, to bring out the importance of cordial employee relations for organizational productivity and gain an understanding of the mechanism of inter-personal relations, collective bargaining and productivity improvement functions in the organisation through involvement of all groups.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Develop the skills of interpersonal relationship as per organisational requirement.
- b. Understand the trends and dynamics between the partners in the organisation.
- c. Enhance the knowledge on organisational performance, role and responsibility.
- d. Develop the knowledge on various statutory / legal aspects influencing the organizations.
- e. Stimulate thinking on rationale behind the Laws and their enforcement.

Pedagogy

1. Class room teaching.
2. Orientation visits (10-12 industries) and field work Programmes (25 days)
3. Participation in the conferences/seminars and workshops organized by the Universities and other professional bodies.
4. Special lectures by the industry practitioners organized by Social Work student forum.

Course Content

UNIT I

Employee relations, History of industrialization in India - Issues related to employees in organized and unorganized sector.

Concept, Definition, Philosophy and Principles of employee relations. Employee relations with special reference to Occupation - Safety - Health and Environment (OSHE) Education.

Analysis of the terms industrial discipline – misconduct, disciplinary proceedings. Domestic Enquiry: Contents and Process, Principles of Natural Justice, Tribunal; Discharge/Dismissal.

UNIT II

Trade Unions: Trade Unionism in India, emergence, history and growth, Trade Union as an organization – Various Trade Unions in India, Role of Trade Unions in India, Employers' Associations – Objectives, structure and activities. Contemporary issues in employee relations.

UNIT III

Fundamentals of Labour laws, The Constitution of India and labour laws. Employee Legislations: - The Payment of Bonus Act, 1965, Employees Provident Fund (and Misc. Provisions) Act 1952, Workmen's Compensation Act 1923, Employees State Insurance Act 1948, Payment of Gratuity Act, 1972, Child Labour (Prohibition and Regulation) Act, 1986. The Factories Act 1948, The Contract Labour (Regulation and Abolition) Act 1970, The Minimum Wages Act 1948 and The Payment of Wages Act 1936; The Apprentices Act, 1961, The Maternity Benefit Act 1961. The Trade Union Act 1926, The Industrial Employment (Standing Orders) Act 1946, The Industrial Dispute Act 1947, The Employment Exchanges (Compulsory Notification of Vacancies) Act 1958.

UNIT IV

Collective Bargaining: Definitions, characteristics, critical issues in collective bargaining, theories of collective bargaining, Collective Bargaining in India, Collective bargaining in practice, levels of bargaining, coverage and duration of agreements, administration of agreements, negotiating a contract, the negotiation process, effective negotiation, Employee relations in knowledge based industry.

Labor Welfare Officer - Duties and functions; Social Work in Industry.

COURSE-II: MENTAL HEALTH AND PSYCHIATRIC SOCIAL WORK

INTRODUCTION

This course aims to provide awareness about mental health and mental health problems and also application of Social Work in mental health settings.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Understand the concepts 'mental health' and 'mental illness'.
- b. Understand the signs and symptoms, etiology, diagnosis and treatment of mental health problems.
- c. Understand different services for the care of mentally ill.
- d. Understand historical background of psychiatric Social Work in India and abroad. Understand the nature of psychiatric Social Work services and relevance of team work.
- e. Understand the nature of collaboration with voluntary organisations for the welfare of mentally ill.
- f. Identify the issues related to psychiatric Social Work department in hospitals and community mental health settings.

Pedagogy

1. Class room teaching.
2. Orientation Visits to select hospitals (3-4 visits)
3. Field work placement in the hospital setting wherever Psychiatric Social Work exposure is available.
4. Special Lectures by the Psychiatrists and Mental Health experts through the Social Work Students forum.
5. Participation in the individual conferences and group conferences.

Course Content

UNIT I

Concept of mental health and mental illness - Mental health as a part of general health - Misconceptions about mental illnesses. General approaches to the mentally ill - International Classification of Mental Disorders.

Signs, symptoms, etiology, diagnosis, prognosis and management of the following:

- Neuroses Psychoses
- Psycho physiologic disorders Personality disorders

- Psychiatric disturbances in children and adolescents
- Organic psychotic conditions
- Mental retardation.

UNIT II

Introduction to Psychiatric Social Work: Meaning and Scope - Historical background of psychiatric Social Work in India and abroad - Reasons for its development as a specialty. Application of Social Work methods and other related techniques used in the field - Multi-disciplinary approach and team work in mental health care - Problems of hospitalization - Impact of mental illness on the patient, family and community.

Practice of Social Work: Importance of home visit and visit to the place of work

- Role of family in the treatment of mentally ill - Preparing the family and community for the return of the affected individual, follow-up.

UNIT III

Care of mentally ill: Day-care centre, night-care centre, half-way-home, sheltered workshop, Occupational therapy units - Role of Social Worker and role of voluntary organisations.

Role of voluntary organisations, governmental-agencies and paraprofessionals in the welfare of mentally ill.

Role of Social Worker in mental health centers, departments of psychiatry in general hospitals, child guidance clinics, community mental health units, correctional institutions, industries, and family welfare centres.

Role of Social Worker with head injured, paraplegics and epileptics.

Role of Social Worker in the management of substance abuse – Educational avenues in psychiatric Social Work - Research avenue in the field of mental health for Social Workers.

UNIT IV

Organisation of psychiatric Social Work department - Functions; and collaboration with other departments.

Community mental health and Social Work, NMHP, Innovations like Satellite clinics, district mental health programme etc.

Rehabilitation and Acts: Occupational therapy - Principles and practice - Psychosocial rehabilitation.

Mental Health Act, 1987.

The Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995.

COURSE-III: MAJOR PROJECT

Course outcome

Students are given broader guidelines for undertaking empirical evidence-based project in the fourth semester, either independently or by forming a small team comprising of three to four students. In case of group project work, the group will be formed by the college or the university department by adopting random method of selection. The project shall comprise of selection of the topic, methodological details, analysis,

interpretation and deductions made. The respective college / the department of the university will prepare the set of guidelines for presenting the report.

Evaluation of the Project will be done along with the viva-voce examination by the viva-voce committee constituted for the assessment of Social Work practicum or similar committee may be constituted, if required.

Pedagogy

1. Personalized guidance is provided to each trainee by the faculty member.
2. All the major research steps and methodology are followed while carrying out the project.
3. Brief presentation by each trainee is made before all faculty members before finalizing the copy of the project.

COURSE-IV: SOCIAL WORK PRACTICUM – V

Concurrent practice learning for two-days in a week - on going learning of practice is an opportunity to develop intervention skills in reality situations. This entails learning Social Work practice for two days or its equivalent, each week of the semester. The learners may be placed in agencies or in communities to initiate and participate in direct service delivery.

Practice learning is a vital component of the educational opportunity to be provided to the learner. The teaching-learning process must be designed to help the learner to move on to mastering strategies, skills and techniques to practice Social Work.

COURSE-V: SOCIAL WORK PRACTICUM – VI: (BLOCK PLACEMENT)

Block Placement - enables learners to integrate learning and generate newer learning by participating in the intervention process over a period of 6 weeks continuously, in a specific agency. Usually, block field work is provided at the end of the two-year Social Work programme. There shall be a professionally qualified worker in the setting willing to plan orientation and provide consultation, when needed.

SOFT CORE

COURSE-VI: HUMAN RESOURCE DEVELOPMENT AND EMPLOYEE WELLNESS

INTRODUCTION

The purpose of this course is to provide practical exposure and knowledge in behavioural science to develop skills not only to understand and analyse problems but also to develop a problem-solving approach to issues.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Develop multi facets of the personality and to build self confidence.
- b. Develop a spirit of continuous learning and innovation.
- c. Strengthen the competency base of individuals, teams and organization and also familiarize with the organizational culture.
- d. Understand the organizational culture.
- e. Appreciate the importance of bottom-line focus to the Human Resource function and trend toward HR Accountability.
- f. Understand the various approaches to and techniques of measuring HR issues.
- g. Create awareness of different types of information systems in an organization so as to enable the use of computer resources efficiently, for effective decision- making.

Pedagogy

1. Class room teaching.
2. Orientation visits (10-12 industries) and field work programme (25 days).
3. Special lectures by HR practitioners through the Social Work Student Forum.
4. Individual Conferences and group conferences.
5. Participation in the national and international level Seminars/Conferences and paper presentations.

Course Content

UNIT I

Human Resource Development (HRD): Concept, origin and needs for HRD; Overview of HRD as a Total system; Approaches to HRD; human capital approach; social psychology approach and poverty alleviation approach; HRD and its dimensions, Competency Mapping.

UNIT II

HRD Interventions: Performance Measurement Systems – Fundamental issues. Feedback sessions. Organizational goal setting process, Key Result Area (KRA) and Key Performance Indicator (KPI), Coaching, Mentoring, career planning, career development, reward system, quality of work life. HRIS: - Computers and computer based Information Systems. Measuring HR : Changing role of HR, HR as a strategic partner, the need for measuring HR. Approaches to measuring HR: - Competitive Benchmarking, HR Accounting, HR Auditing, HR Effectiveness Index, HR Key Indicators, HR MBO (Management by Objectives).

Instructional Technology: Learning and HRD; Building Learning

Organization: measuring learning – the intellectual capital, architecting a learning organization, Organizational Learning, models and curriculum; factors and principles of learning; group and individual learning; HRD trends; behavioural sciences; transactional analysis; Concepts of continuous learning, behavior modeling and self-directed learning; evaluating the HRD effort; data gathering; analysis and feedback; HRD experience in Indian organizations; future of HRD

- Organization culture and development.

UNIT III

Talent Development: Concept and importance; Training Need Analysis, process of training, designing and evaluating training and development programs. Use of information technology, Types and Methods of Training: Training within industry (TWI), External; on the job and off the job; Training methods; lecture, incident process, role play, structured and unstructured discussion, in-basket exercise, simulation, vestibule, training, management games, case study, programmed instruction, team development, and sensitivity training; review of training programs.

COURSE-VII: CASE STUDIES

Every Candidate is expected to take up five cases, study them in depth and present the intervention, if any. Case refers to a unit of study – an individual, an institution, a community or an incident. The candidate has to work under the guidance of faculty member and submit the report on or before the date prescribed.

The university or the college concerned can develop guidelines for undertaking case studies. However, the students are encouraged to start his/her work on case studies from the beginning of the course.

Evaluation of the case study will be done along with the viva-voce examination by the viva- voce committee constituted for the assessment of Social Work practicum or similar committee may be constituted, if required.

Pedagogy

1. Personalized guidance is provided by the faculty.
2. Research Methodology pertaining to the case study is strictly followed.
3. Presentation has to be made with regard to the outcome of the case studies in front of all faculty members and corrections are to be incorporated wherever necessary.

OPEN ELECTIVE

COURSE-VIII: Disaster Management

INTRODUCTION

The course aims at introducing students to acquire the required knowledge and skills in disaster management.

COURSE OUTCOMES

On successful completion of this course, each student will be able to :

- a. Understand key concepts, theories and approaches of disaster management with specific reference to Indian context.
- b. Develop skills to analyse factors contributing to disaster.
- c. Develop an understanding of the process of disaster management.
- d. Develop an understanding of the Social Worker's role in the team for disaster management.

Pedagogy

1. Class room teaching.
2. Orientation visits to select NGOs which engage in the disaster management activities.
3. Special Lectures by field experts through the Social Work student forum.

Course Content

UNIT I

Disasters: Concept, types and impact - Famine, floods, cyclones, hurricanes, warfare, earthquake, volcanoes; traditional and modern disaster threats and care factor, classification of disasters; Disaster management - Definition and concept; approaches to disaster management, importance and relevance of disaster management in the present environmental scenario, cases studies of disaster management.

UNIT II

Disaster and Social Work Intervention: Scope of disaster related intervention, intervention during disaster impact stage, trauma counseling and crisis intervention, post disaster management, damage assessment and long term rehabilitation and reconstruction, networking and co-ordination between government, NGOs, donor agencies, local bodies, police, military etc.

UNIT III

Disaster Prevention and Preparedness: Vulnerability analysis, hazard mapping, community based disaster preparedness programmes, training for CBDP, preparedness for post-disaster emergency response and long term rehabilitation, organization and planning, logistics; resource utilization, specialized skills and training needs; public awareness and education; first-aid training, civil defense training.

UNIT IV

Institutions and Instruments in Disaster Response: international decade for natural disaster reduction and UN resolutions, administration of relief in India - National, state, district and local levels; Disaster related legislations and policies; national and international donor agencies; NGOs, mental health institutions in disaster management and relief.

OPEN ELECTIVE
COURSE-IX: CORRECTIONAL ADMINISTRATION AND SERVICES

INTRODUCTION

This course introduces the basics of the administration of correctional institutions and the integrated services provided to persons in conflict with law so as to reintegrate them into the mainstream of society as law abiding citizens.

COURSE OUTCOMES:

On successful completion of this course, each student will be able to :

- a. Acquaint with the correctional institution and non-institutional programmes.
- b. Understand the different services for juvenile, young and adult offenders and also to understand the legal provisions and procedures for their assistance.
- c. Understand the role of custodial staff in the process of correction and rehabilitation.
- d. Understand the structure, function, treatment and facilities provided by the correctional institutions.

Pedagogy

1. Class room teaching.
2. Visits to correctional institutions like government homes, observation homes, prisons.
3. Participation in the conferences and seminars organized by the Universities and other professional bodies.

Course content

UNIT I

Institutional systems - Introduction to correctional administration. History of Correctional Administration in India - Concept, objectives and functions of Correctional administration.

Institutional protection for children and young offenders - Juvenile Justice (Care and Protection of Children) Act -2002, 2005.

Observation Home, Juvenile Home for Boys and Girls and their functions.

42/3/13

District Shelter for boys and girls and their functions.

UNIT II

Institutional Treatment for Released Offenders and Convicts.

Prison - Historical development of prison system- Indian Prison Act, Prison Manual (Karnataka).

Prison administration, prison labor, prison discipline and prison education Pre-release programmes, prisoners' welfare board.

Open-air prison - Historical development of prison system, organization and administration. Open-air

UNIT III

Non-institutional systems.

Probation and Parole - Historical development of probation system, principles and procedure.

Parole - Historical development of parole - functions and powers of Parole Board, Conditions under the Prison Manual. Indian Penal Code, provisions on Parole.

Pre-release preparation of the parolee.

UNIT IV

After care services:

Legal provision for establishing social institution.

Provision for assistance to released prisoners - Role of voluntary organization, corporate bodies and the state in the rehabilitation.

Prevention of Immoral Traffic Act - Its objectives; State Home for Women (Sthrinikethana) Citizen committees, Police help-line.

Social Work intervention and Role of Social Worker in the prison administration. Social Work practice in correctional services.
